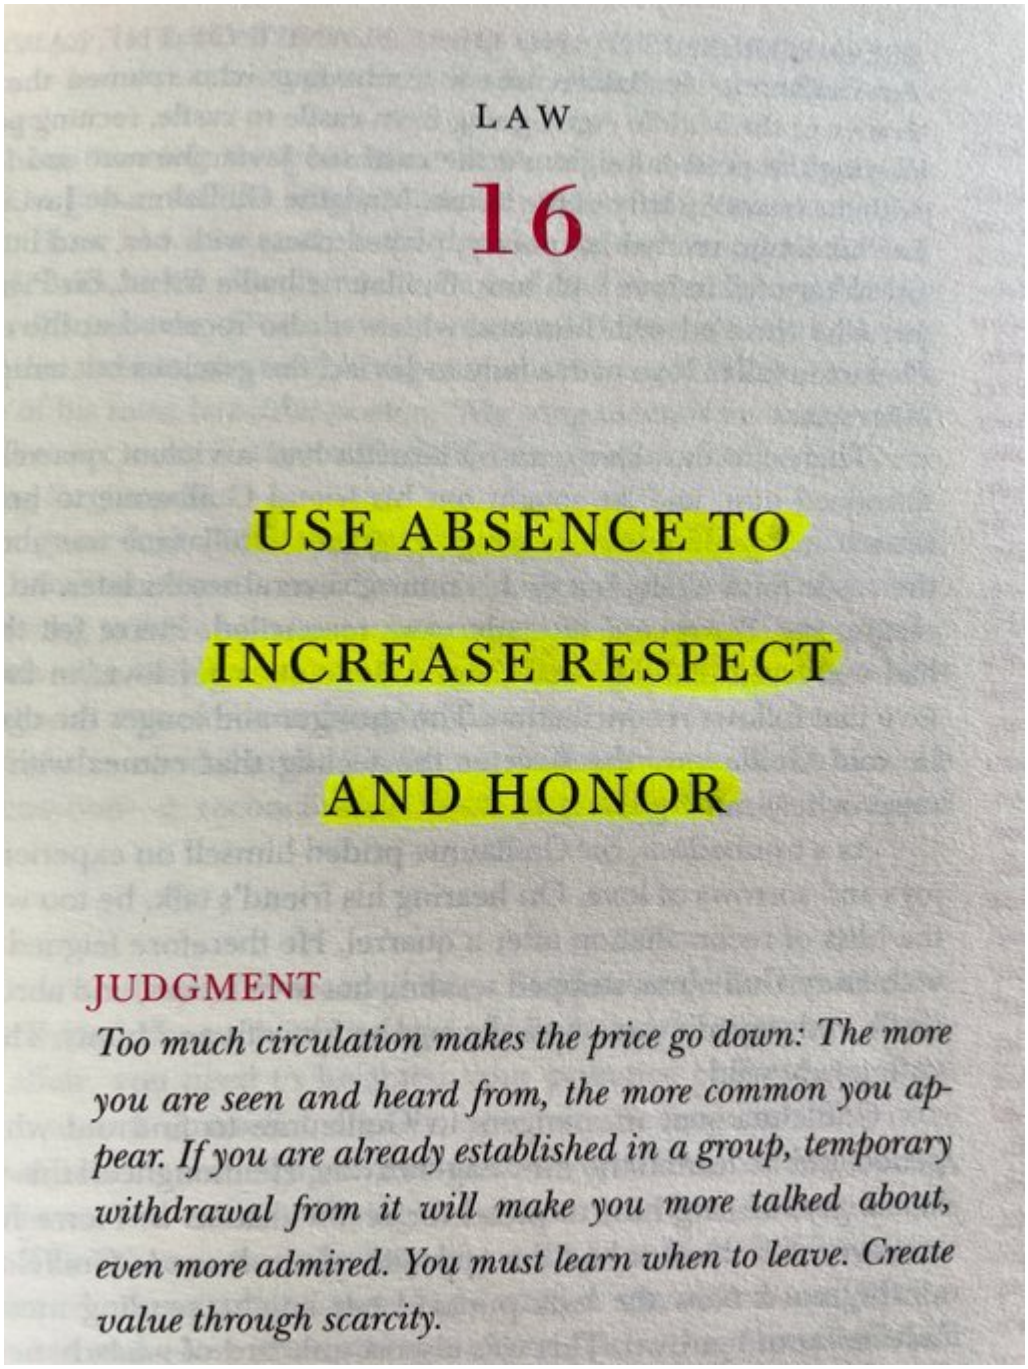
MASTER THE ART OF TIMING

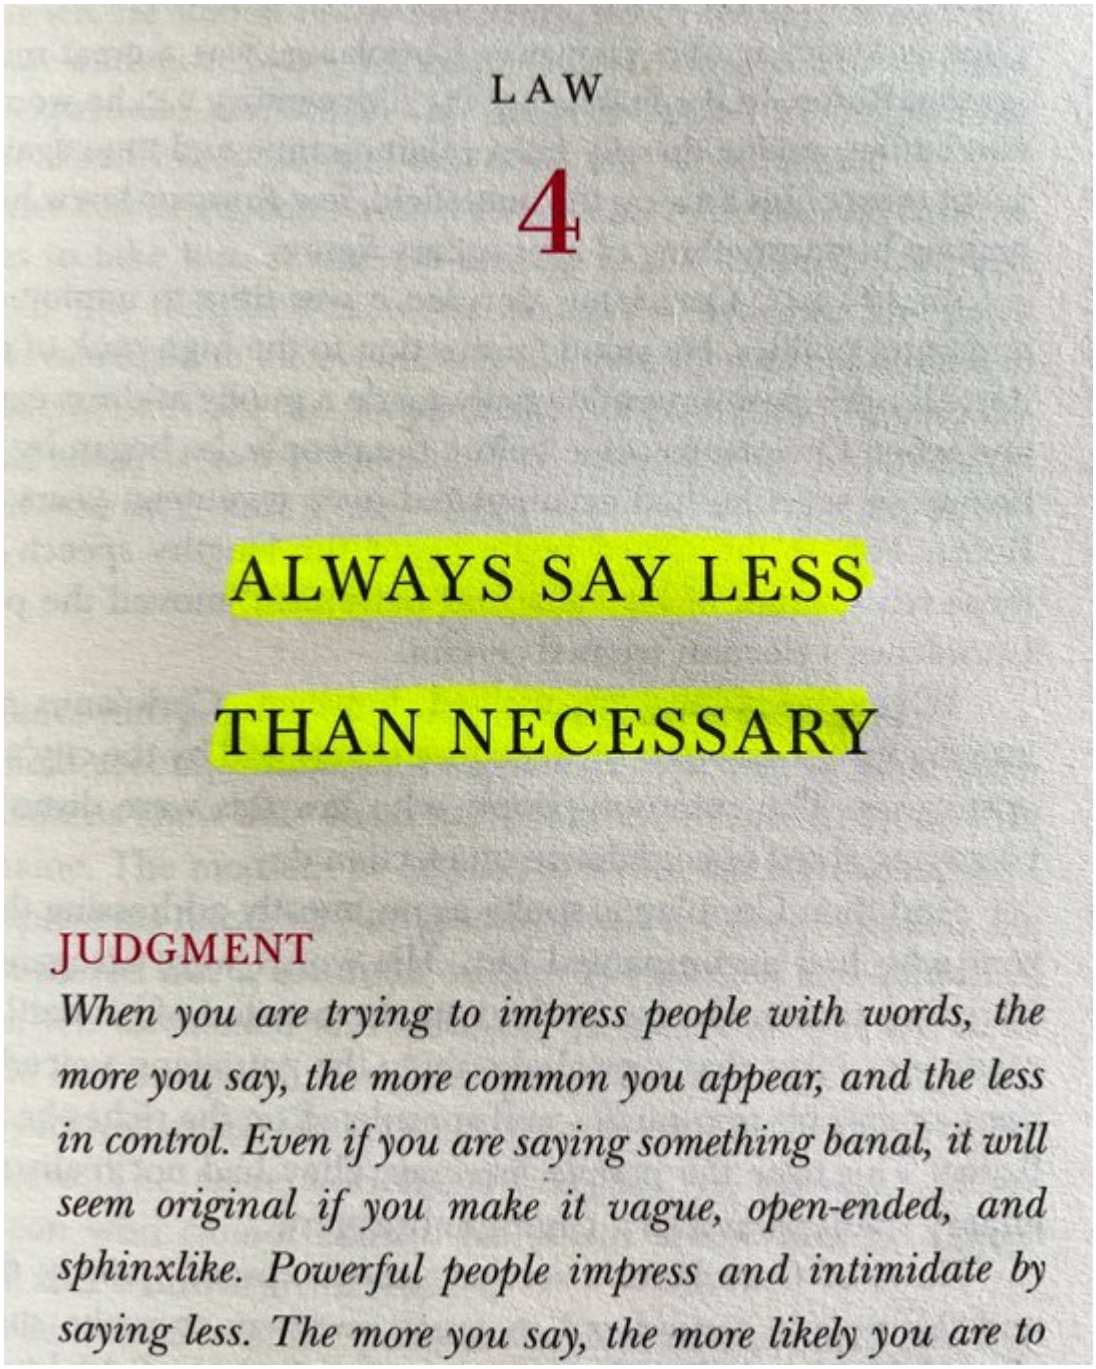
JUDGMENT

Never seem to be in a hurry—hurrying betrays a lack of control over yourself, and over time. Always seem patient, as if you know that everything will come to you eventually. Become a detective of the right moment; sniff out the spirit of the times, the trends that will carry you to power. Learn to stand back when the time is not yet ripe, and to strike fiercely when it has reached fruition.

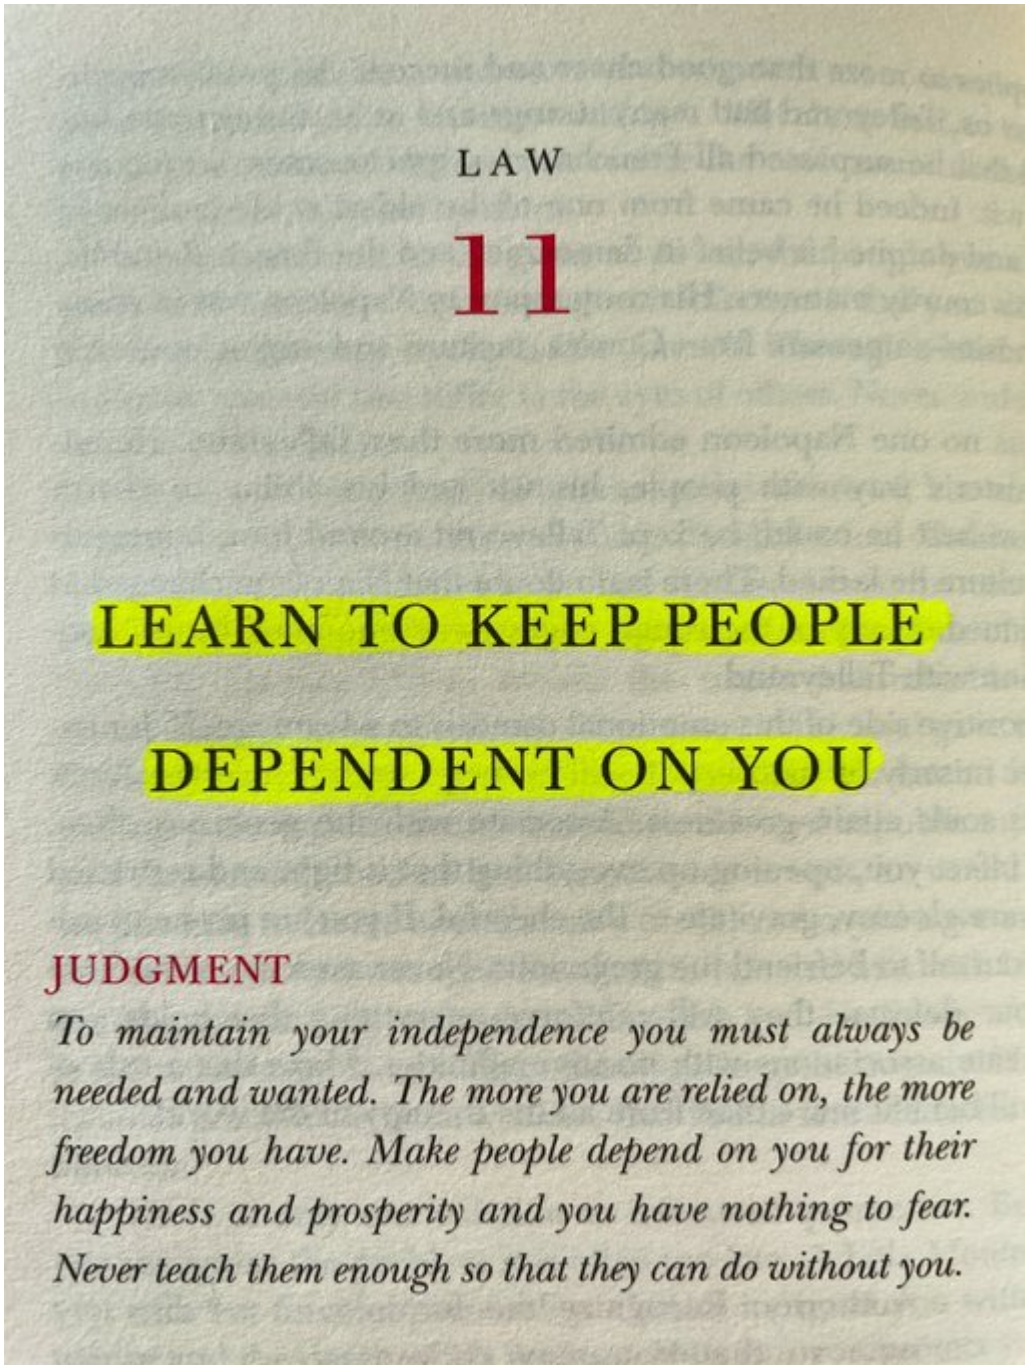
2) Use absence to increase respect and honor



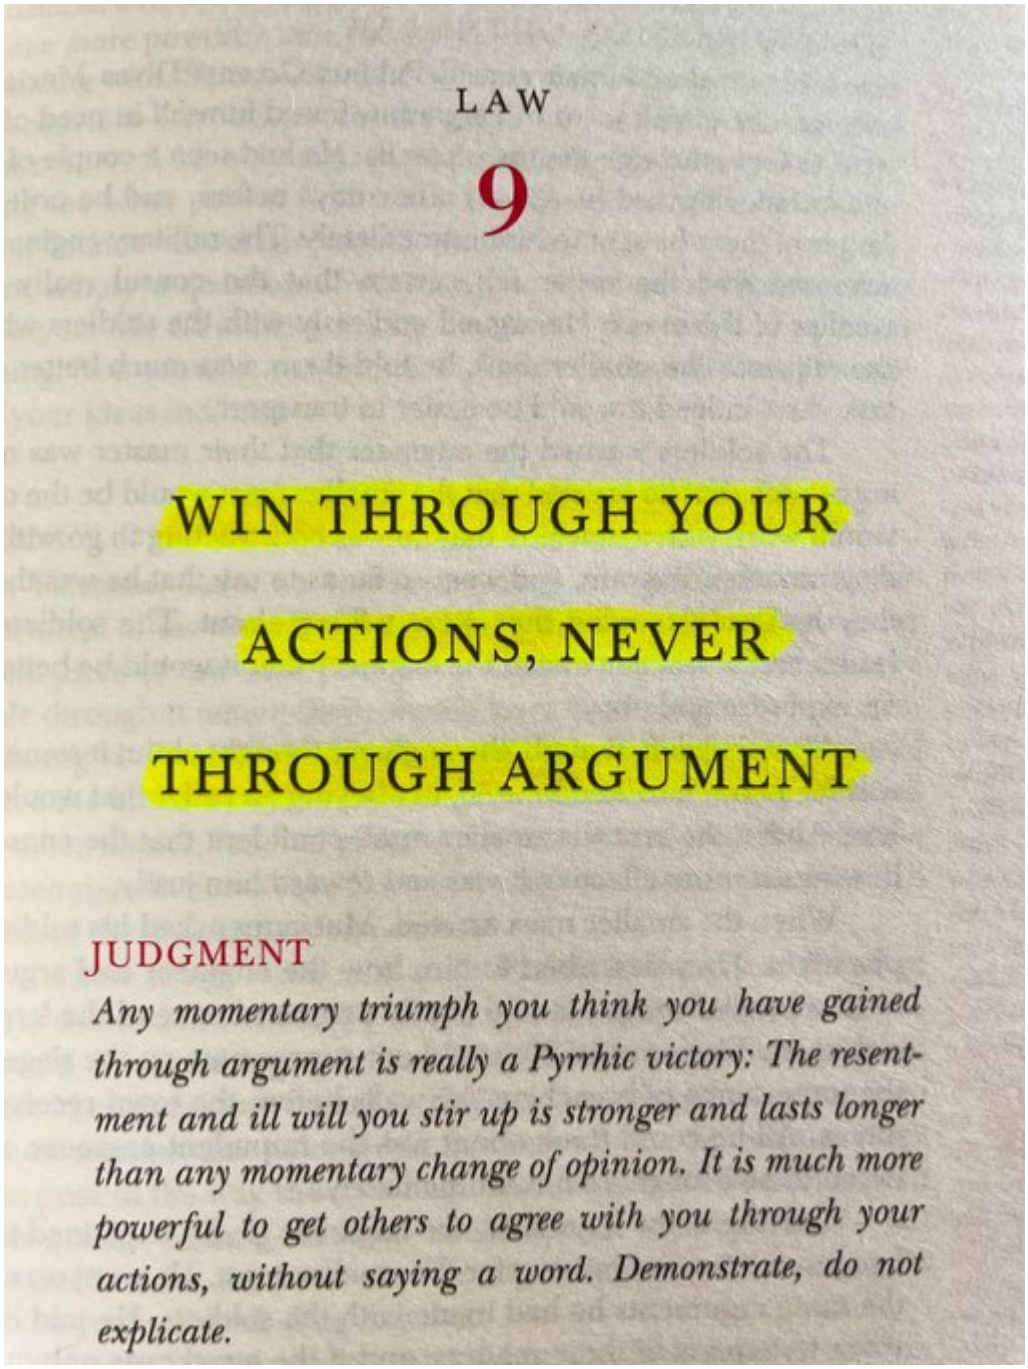
3) Always say less than necessary



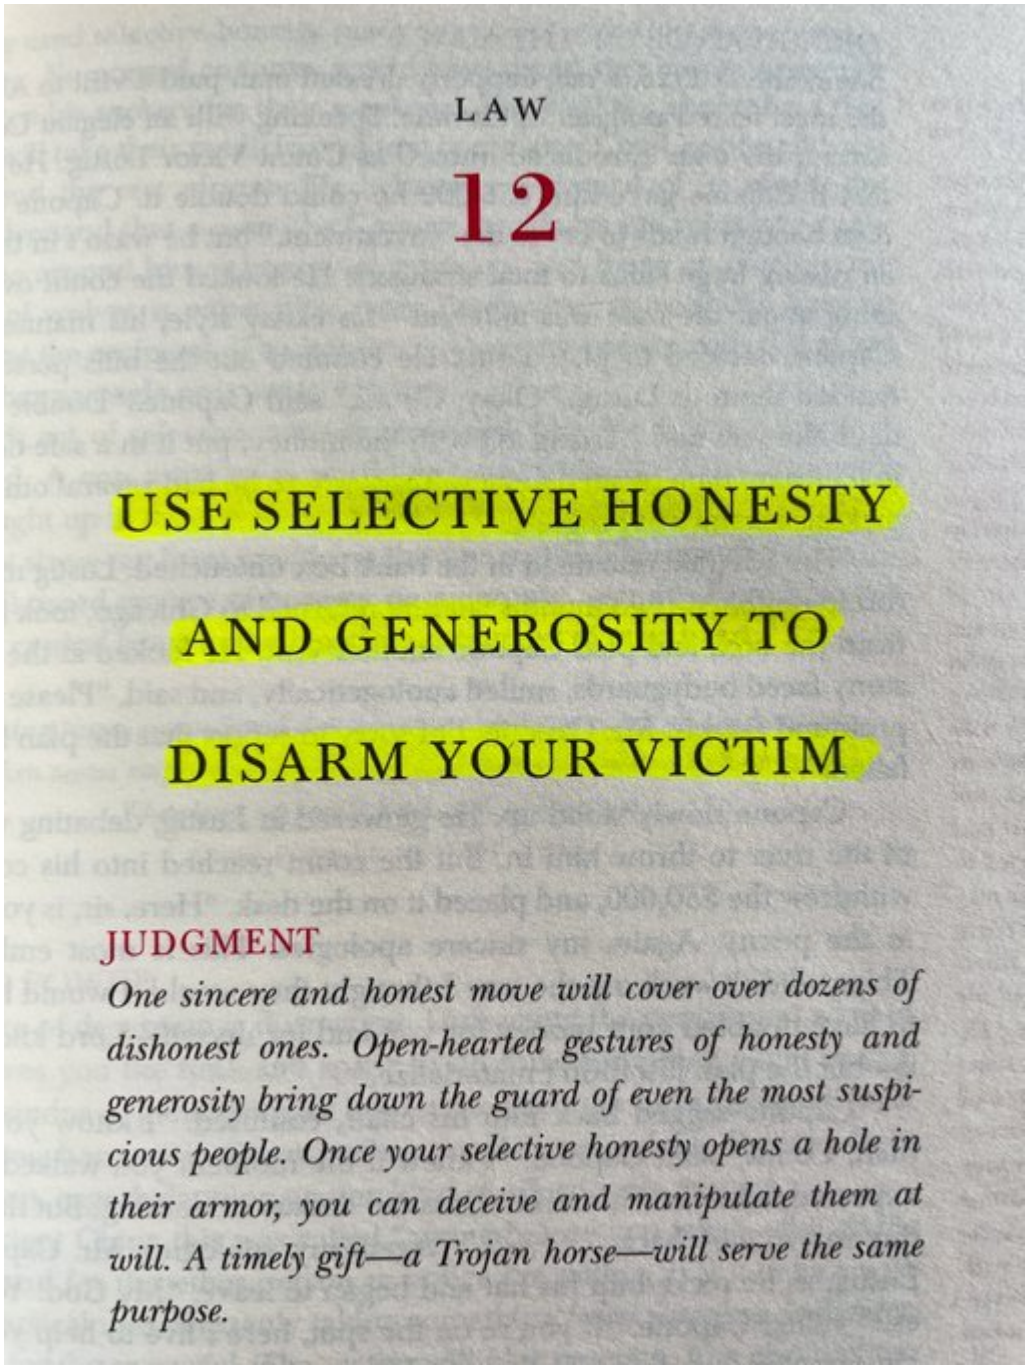
4) Learn to keep people dependent on you



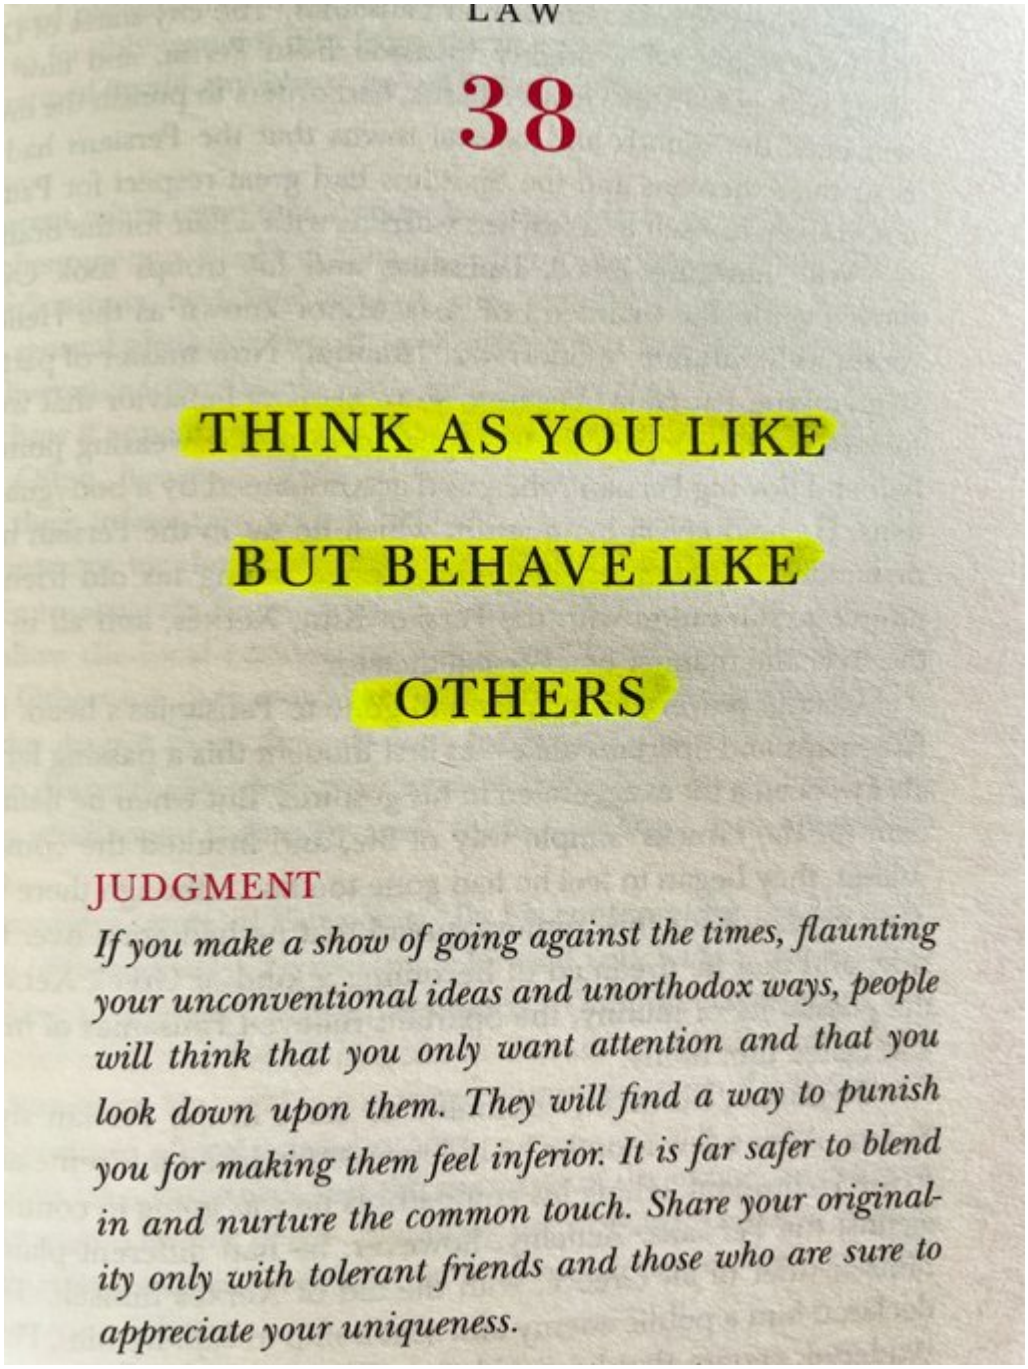
5) Win through your actions, never through argument



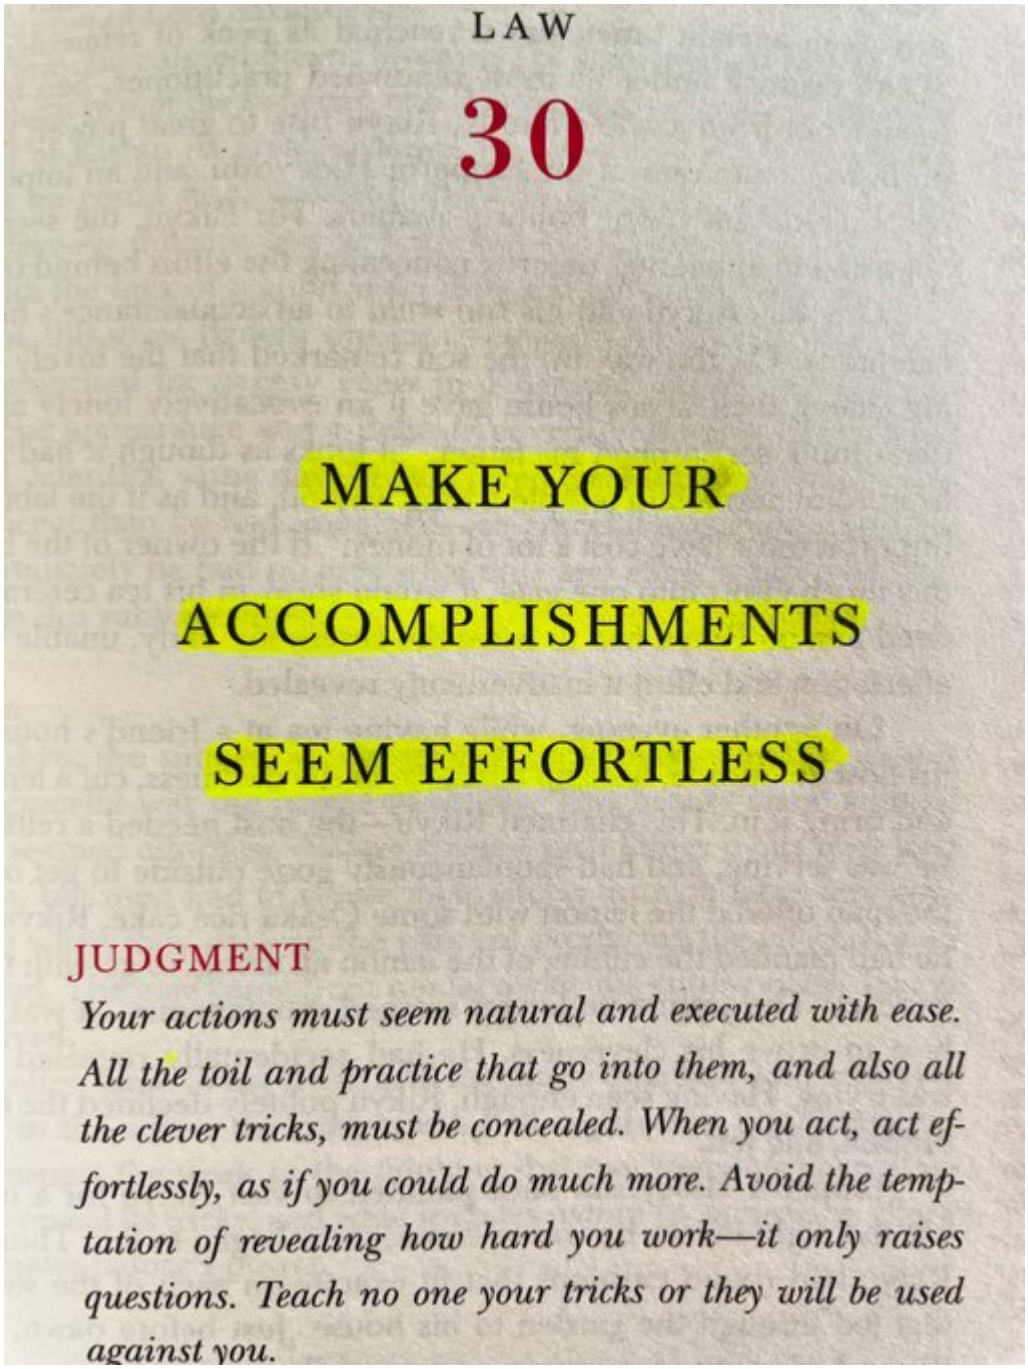
6) Use selective honesty and generosity to disarm your victim



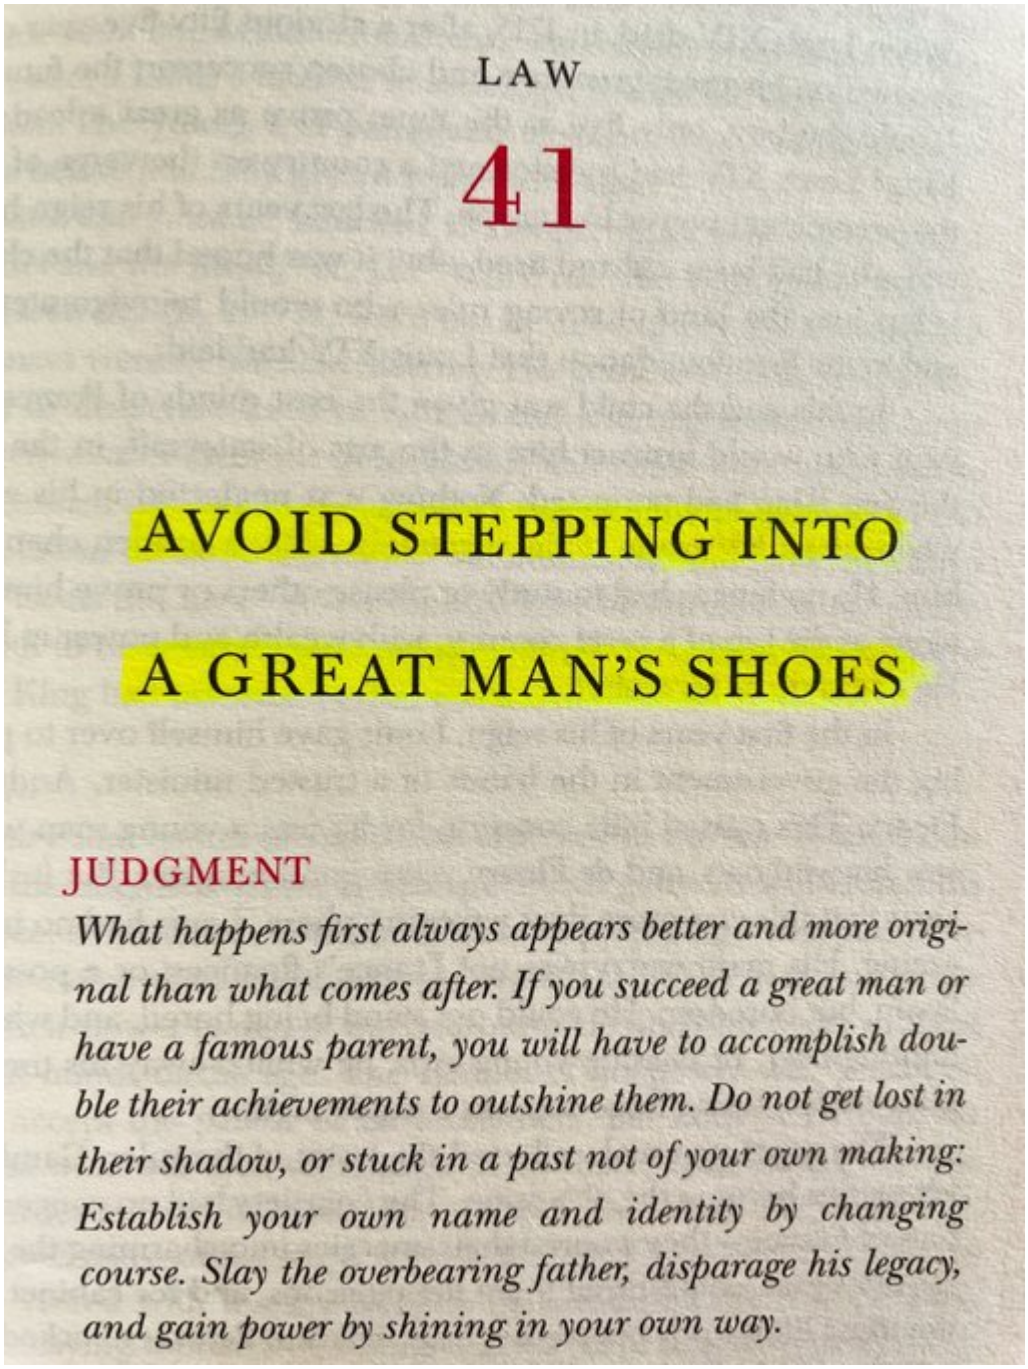
7) Think as you like behave like others



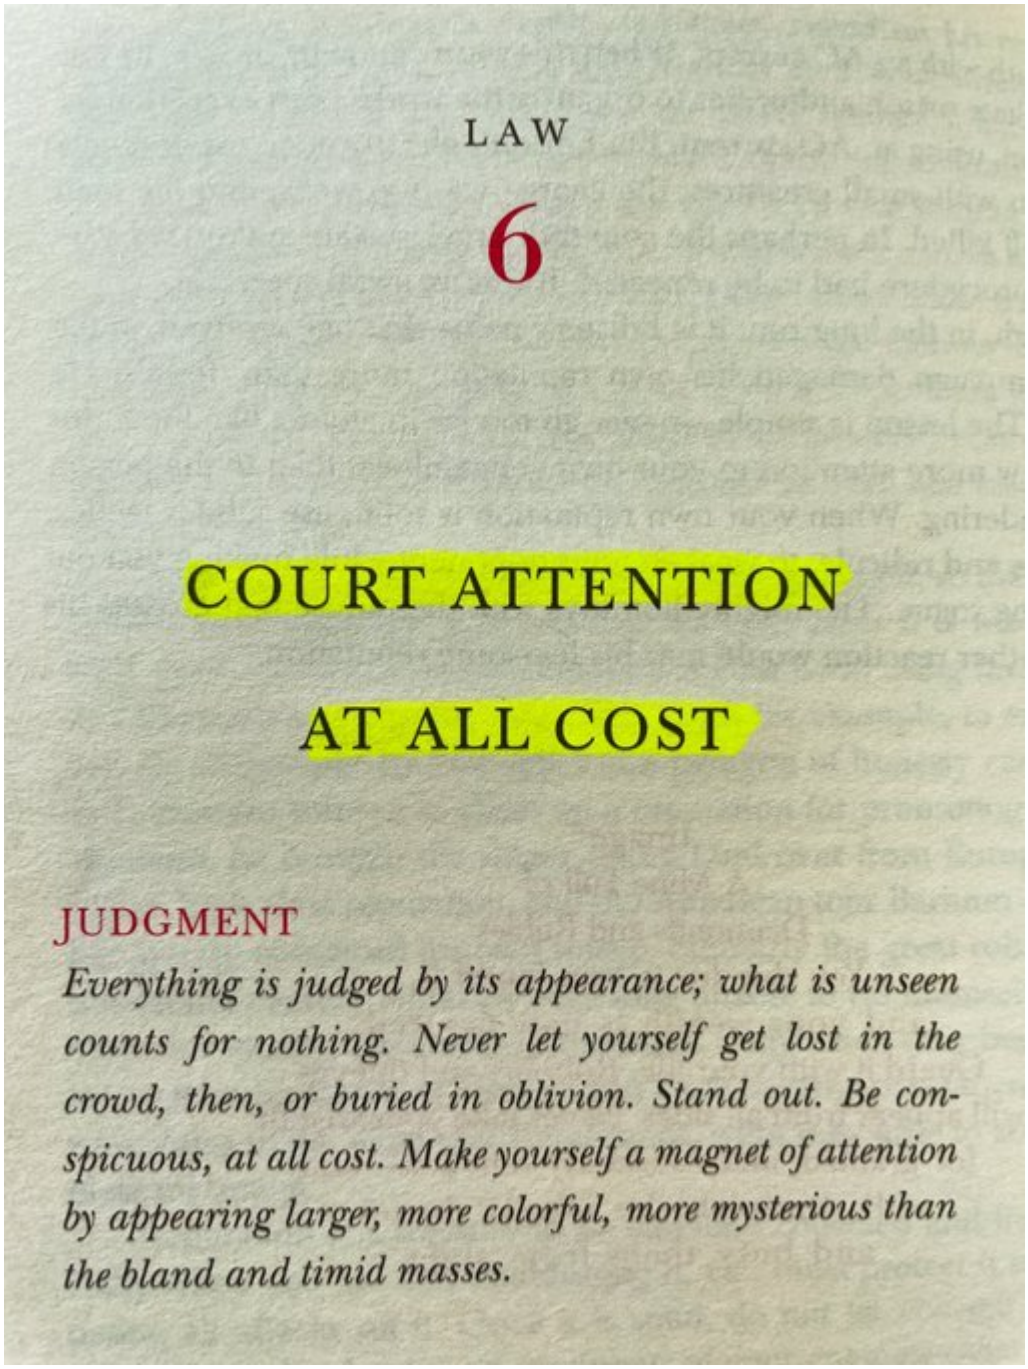
8) Make your accomplishments seem effortless



9) Avoid stepping into a great man’s shoes



10) Court attention at all cost



Study mathematics to understand physics.

Study physics to understand chemistry.

Study chemistry to understand biology.

Study biology to understand psychology.

Study psychology to understand economics.

Study economics and philosophy to be free. ■
