In 2017 the Blairites were working to lose the general election and in effect cause a Tory Landslide and Hard Brexit.

This demonstrates their priority was not stopping Brexit as they said it was in 2019.

SIR Keir Starmer will order Labour MPs to back a Brexit deal to try to win back the North, his allies claim.

Shadow Cabinet sources say the party will support "almost any trade deal" that PM Boris Johnson forges with Brussels.
