Six Blogs/Websites from which you can learn and stay updated about Python ■

Thread ■■

1■ @realpython

The best site for Python. It helped me a lot personally in the learning process.

■https://t.co/iqQbFXNlm7

2■ Python Blogs

A dedicated platform for learners and professionals for Python

■https://t.co/OYDOezUJn0

3■ @PythonPool

Python Pool is a platform where you can learn and become an expert in every aspect of Python programming language as well as in AI, ML, and Data Science.

■https://t.co/T4PLkE9Ton

4■ Microsoft Dev Blog - Python

Read the latest updates about all things Python at Microsoft

■https://t.co/6JLurMmOfr

5■ @PythonInsider

Python core development news and information.

■https://t.co/DaA7ldff0q

6■ @talkpython

Talk Python To Me is a podcast for developers who are passionate about Python. Learn about the language and related technologies.

■https://t.co/bev9iZPNxU

Hey ■

Thanks for reading the thread ❤■

If you find it useful then retweet the first tweet ■
