Personal Prayer Walk Chronicles, 11th March, 2023...

I REALLY HAVE A ?? this mornin

Anyways, Woke up this mornin with so much energy(glory to God), at a time, I was considering walking from ABEOKUTA- Ibadan just to show that my frenemy, Pst. @Abel2goupOla that I was fitter.. ■

Anyways, I set out early praying in tongues, which is my usual practice, but, midway, I decided to listen to one of the audio messages on my phone. The lot fell on Pst. E.A. Adeboye's message, titled, "THE CREATIVE POWER OF GOD'S WORD"

His Word can CREATE, CALL FORTH, CANCEL,

OBTAIN etc. It can serve in every capacity and can do all things, even d imagined stuffs can b brought to manifestation.

■

Making time to study His Word is really underrated. Many today just glance thru & rush off. This will not help. We must make time in d midst of no time.

■

Now, indulge me to ask you these simple questions.

■

When was the last time you came to the altar of Prayer, just to guage your relationship with God?

Have you noticed or observed that, We monitor almost everything in our lives?

From the petrol in our car to that in our generators.

We monitor the money in our banks as well as that in our pocket....

#We monitor our performances at work and those of our subordinates...

#We monitor our health,

#we monitor the temperature guage on the dashboard of our cars, monitor and guage the air in our tyres.

#We monitor virtually everything and take action(s) where necessary to ensure things go on smoothly.

#This action(s) gives us great satisfaction, yet, the most important things are left unmonitored.

#Our spiritual guage has been reading zero for a longtime unattended to.

#Our walk with God has been crooked, yet little or no attention has been paid to this....yet, we are only

concerned about the goodies

#Our desire to study the Word has been on the decline for as long as possible...(Bible has become like a sleeping pill)

#Prayer meter keeps dropping daily.

#Fellowship with God is now a quicky, done only when convenient.

#We monitor politics locally and happenings around the world

#Praise and worship is only enhanced when they are played on radio or television, yet,

#Righteousness, holiness, faithfulness, goodness are all on the decline and we wonder why everything is going haywire..

Meanwhile, there are things that may be standing in our way, that we have not been paying attention to.

At every opportunity, we blame village people or any nearby victim

We make time for other mundane things but not prayer, study etc

■

We all can start afresh now.

God bless you as you do, in Jesus name
