1st Stock in this list is #Greenpanel

CMP 470/-

First shared at 302 with an open target then went to 625.Again to add more for another 100% in the next 2 years maximum.

SL can be kept below 400 on WCB

Rest do your own diligence before taking position.

To be continued ■■

> Working out on the list.. found good Micro and small cap stocks stood strong in this carnage..
