**zomato’s mcap = 70k cr**
**if you are a value investor, as per buffett’s logic of good price -> zomato must earn 7,000 cr to 8,500 cr pre-tax profit by fy 27**
**(actually more as India’s cost of equity is higher)**
**zomato peak sales 2600 cr**

lot of dumb ppl have commented shit despite a mention “if you are a value investor..”
