United Spirits - How beautifully chart patterns work on a monthly scale, too. I was bullish on this for the reason that it is coming out from a very strong tight consolidation zone. https://t.co/rdjPmgFN7d

United Spirits (McDowell) - I will not wait for the monthly closing and will take an entry in this with an SL at 690. I lose almost nothing in lieu of the potential reward. https://t.co/HCnRuWvIpO pic.twitter.com/echxv0Aav0
