Sometimes extreme volatility brings prices below 21Sma briefly
OR, it just moves between 13 & 21 & move higher
Channel bottom comes around "17300"- no guarantee that every time it touches the channel bottom
Patience pays
IF you miss a trade, wait for the next
They always come■■ https://t.co/CfVFhgbFxl

Is it better to buy when price below ema 21 ?\u2026 as SL will be less
