All these names must have sounded unintentional but, they were also

■ ■

warriors of the Indian Air Force who were made prisoners of war in Pakistan in the 1971 war, and never came back. Their letters came to the family members, but the then Indian government never took the news of their discovery.

■ ■

In the Shimla Agreement signed in 1972 with the then Prime Minister Mrs. Indira Gandhi and the then Prime Minister of Pakistan Zulfikar Ali Bhutto, in Shimla, 90 thousand Pakistani prisoners of war were agreed to be released, but they were returned.

■ ■

Can't remember to ask, this is a family that hesitates to sell the country for its own benefit, but it is not their habit to understand the pain of others. These were not as lucky as Abhinandan, because the government of that time did not produce missiles for them...

■ ■

neither the people of the country took news of them, nor did the newspapers print photos they were left to die, rot in Pakistani jails. Their existence was denied. This was not the first time. Rejecting the Veer Ahirs of Rezangala, Nehru had called him a fugitive.

■ ■

Paramveer Major Shaitan Singh Bhati was considered a coward. If China had not accepted their bravery, it would have been better for the Ladakhi shepherd who had not found their dead bodies, they would not have been called...

■ ■

Veer Ahir, Shaitan Singh Bhati would not have received the honor of Param Vir Chakra posthumously.

This has been the negative attitude of Nehru, Indira Gandhi and the people of her family towards the brave sons of the country.

■ ■

This is the difference between Modi and others, a true son of patriotism.

You can't even imagine that if Sonia's puppet would have been dumb instead of Modi, perhaps Abhinandan's name would also have been written in this list.

■ ■

This post will be painful for the sycophants of Nehru, but the eyes of the common citizen of the country will definitely open and they will get acquainted with the reality of this family.
