Weekly chart says further consolidation at index level.
Long story short : Index management for next 2-3 weeks

Lets check stock specific action in this thread

#SUNPHARMA Chart says further consolidation . Don't expect any major move in near term

#DRREDDY Can we see 4850 level in near term ?
Reason you guys have to tell me and in what scenario ■

#CADILA #Zydus
Typical reversal pattern Price making LL /RSI making HH but one thing is missing
HH/HL pattern ■

Good to add near 350 for 400

#LUPIN I can see many breakdown in this counter. Sell on rallies (Breakdown retest)

#AUROPHARMA Won't play with fire. Many breakdown

#DIVISLAB #DIVIS if you're expecting V shape recovery then we need a miracle. Ideally we may see 3-4 months consolidation at current level.

lets accumulate but aaram se
