8kun, the people at the center of the attempted coup, Qanon, child abuse content, and multiple neo-nazi mass-shootings made public everyone they were emailing. Here's what that reveals. New, co-written by me + THREAD

> A mail server vulnerability has publicly exposed more than a year\u2019s worth of email logs, as well as highlighted security and infrastructure issues, faced by the administrators and maintainers of controversial websites such as 8kun. https://t.co/JgcZ4ihuwf
