Here's what all the people trolling for outrage clicks all day today didn't tell you:

The CCP Virus relieve bill was tacked on to the **annual federal spending package.**

That includes the Defense budget, among other things.

> The House of Representatives and the Senate on Monday passed a $900 billion #COVID19relief bill following months of negotiations. It heads to @realDonaldTrump to be signed. The bill is coupled with a $1.4 trillion annual federal spending package.https://t.co/wjkTkIqWcz
