Translation: Simp your way into a girl's heart through giving her attention, validation & resources she hasn't earned. The "let her decide" part = be in her frame. She should be the one deciding if you're worth her or not, meaning she's the prize. Ohh dear Lord■■■■■■■■■■■■■■■■

> Stop asking a girl if she has a boyfriend(no ring means AVAILABLE) . Take her out on different dates, give her ATTENTION, treat her nice, make her laugh and above all be honest with her and make her feel safe with you... Then, let her decide if she's single or not \U0001f60e
