What is needed is a new Reign of Terror

"Vicious Spies & Killers under the Mask of Academic Physicians."
Today, we demand the arrest of a group of saboteur-doctors. This terrorist group, uncovered some time ago by our investigators , had as their goal shortening the lives of human beings by means of medical sabotage.

Investigation established that this terrorist group, exploiting their position as doctors & abusing the trust of politicians, deliberately & viciously undermined the health of the public by undertaking dangerous gain of function experiments in laboratories in both China & the USA

This "research" led to the intentional or mistaken leak of a deadly new virus, SARS-COV-2. When these modern Frankensteins realised the extent of their folly, did they repent and confess? No!
Instead, they collaborated together to kill the public with bad & incorrect treatments!

Covering themselves with the noble and merciful calling of physicians, men of science, these fiends and killers dishonoured the holy banner of science. Having taken the path of monstrous crimes, they defiled the honour of scientists.

Among the victims of this band of inhuman beasts were countless innocents worldwide.
The criminals intentionally concealed their dangerous work on increasing the pathogenicity & virulence of harmless bat coronaviruses, which they had obtained secretly from caves in rural China.

When the terrible pandemic spread, they prescribed inadvisable treatments and thus killed many citizens.
Killer doctors, by incorrect use of very powerful medicines and prescription of harmful regimens, shortened the life of many of our poor elderly, leading to their deaths.

The majority of the participants of the terrorist group were involved with American scientific organisations such as BARDA, DARPA, PREDICT and DTRA. They were recruited by American intelligence and international bourgeois-nationalist charity organization called "EcoHealth".

The filthy face of this spy organization, covering up their vicious actions under the mask of charity, is now completely revealed, thanks to the tireless work of our investigators.

Unmasking the gang of poisoner-doctors has struck a deadly blow against the international virologists' organization and their puppets!
Now all can see what sort of philanthropists and "friends of peace" hid beneath the sign-board of "Ecohealth"

Other participants in the terrorist group (Daszak, Epstein, Olival, Karesh, Kadlec, Franz) were discovered, as has been presently determined, to have been long-time agents of US intelligence, serving it for many years, carrying out its most criminal & sordid tasks in China.

Of course, the bigwigs of the USA and their Chinese junior partners know that to achieve domination over other nations by peaceful means is impossible.

Feverishly preparing for a new biological war and population control, they energetically sent spies cloaked as "virologists" inside China and other countries to steal the most deadly viruses on behalf of their paymasters in Washington.

They attempt to accomplish what the Hitlerites could not do — to create their own subversive "fifth column" of viral saboteurs to wreak havoc on global health and achieve their sordid aim of depopulation.

World citizens should not for a minute forget about the need to heighten their vigilance in all ways possible, to be alert for all schemes of War-mongers, Plotters, Dr. Frankenstein's and their agents, to constantly strengthen our research and the intelligence organs of DRASTIC.
