## Twitter Thread by Dionysus v. 2.0.2.1.

I don't often promote myself on here, but I should. I have done some things that I am proud of. So here is a thread of episodes from <a>@OurTurnPodcast</a> that I contributed a segment and/or co-hosted. #RPG #podcast

Here is one of my very first contributions, a segment about one of my favorite RPGs of all time: 13th Age. <a href="mailto:@13thAge">@13thAge</a> I still love it, and I have hacked the system to run other genres (ex. Star Wars: The Old Republic). Give it a try sometime. <a href="https://t.co/xxmQRTbY0R">https://t.co/xxmQRTbY0R</a>

One the one-year anniversary of <a href="mailto:@OurTurnPodcast">@OurTurnPodcast</a>, I did a segment about Session Zero for RPGs. I love being a part of Session Zero in any #RPG, both as a GM and player. <a href="https://t.co/DhIXSyJgPm">https://t.co/DhIXSyJgPm</a>
