There are some amazing founders and indie hackers that have made ■-worthy progress this last year.

The stuff you can do in a year is seriously astounding ■

■ [@TransistorFM](#) reaching \$22k MRR in one year: <https://t.co/BuKmXEeEtH>

I was one of their first customers and the progress [@mijustin](#) and [@jonbuda](#) have made working mostly part-time has been crazy.

Now both are full-time. Follow them on [@buildyoursaas](#)

■ [@talk2oneup](#) reaching \$10k MRR in one year: <https://t.co/SOoGkKA19r>

[@daviswbaer](#) joined as a co-founder and through many different marketing tactics, pricing changes, and product updates, they've managed to carve out a niche market in a really competitive industry.

■ [@hostifi_net](#) \$9k MRR in one year: <https://t.co/TknroGZWok>

After getting fired from his full-time job, [@_rchase](#) embarked on a year focused on building products to replace his salary in a year.

The dude seriously SHIPS and even took investment from [@earnestcapital](#)

1/ "Hardcore Year" (<https://t.co/cjx7HfGeEK>)

MRR in July:

\$9,109 of \$8,333 goal (109%)

Totals [@hostifi_net](#) \$8,463 [@ghostifi_net](#) \$361 [@locklinnetworks](#) \$125 [@captifi_net](#) \$147 [@patreon](#) \$13

I reached my goal for the year! \U0001f942\U0001f37e

■ @ClosetTools \$11k MRR WHILE WORKING FULL-TIME AND WITH A FAMILY: <https://t.co/pKQ7pFvpZY>

With a strong product, continuous improvement, and SEO, @unindie has really been inspirational.

There are no excuses.

This year is flying by. How am I doing a July report already? Here it is: Closet Tools' July open stats:

MRR: \$11106.28 (+11.43%)

Organic Search: 3958 (+20.45%)

New Trials: 154 (-8.33%)

Less trials, more revenue (churn is going down!). The focus for July was feature stability. pic.twitter.com/4YRpkPvKxo

■ @PairWithTuple reaching ramen profitability with 3 co-founders and planning to publically launch this month:
<https://t.co/k2NnntqrtF>

The team took on a BIG technical problem and have continued to lean in on their initial promise.

These guys are doing things right.

Who else has made huge progress in the last year?

■ [@casestudybuddy](#) crossed last years' entire revenue in three months this year and are tracking to hit \$250k+ rev for 2019...

... all as a productized service specializing in creating case studies!

■ @makerpad grew to over \$100,000 in revenue in 6 months with virtually no expenses after @bentossell quit his full-time job and started teaching others how to create products using no-code tools: <https://t.co/eQx2Tv9YCu>
