@GretaMusk

■ HUGE #Tesla SERVICE PROBLEMS THREAD■

You might remember my 3 prior threads on how
TESLA. TREATS. ITS. CUSTOMERS. LIKE. TRASH.

Here's the 4th installment.

@tomkeinan @jonsey_lisa @jwmooc @tchanpoker @bryanthediamond
@EconomicManBlog

\$TSLA \$TSLAQ 1/22

Welcome to Greta's 4th edition of #Tesla customers getting used and abused. Because that's the Elon Musk way.

@coffeebreakls @KocgibiHarun @omaragha @JayGhahari

\$TSLA \$TSLAQ 2/22

"The best service is no service." - Elon Musk a.k.a. #SpaceKaren

@briansaziz @FarSha998899 @thinktankfour @Billoday1

#Tesla \$TSLA \$TSLAQ 3/22

These #Tesla customers represent just the very tip of the iceberg. They are ones who have Twitter, have decided to complain about their #TeslaServiceIssues publicly, and were found by yours truly.

@yanismydj @hajelatweets @AlanHeldman @francislongo5 **\$TSLA \$TSLAQ 4/22**

Dear #Tesla customers: In California, if your vehicle has been out of service for >30 days total, it's a lemon. You can get punitive damages and attorney's fees. Don't sit around and take Elon's abuse. @13arm13arm @cecimar12

@richardson_skip @shootinglee **\$TSLA \$TSLAQ 5/22**

Is this "FUD"? I didn't make any of these customers complain. #Tesla and #SpaceKaren did.

@scorpionstriker @nd3423 @rammler31 @twit0007 **\$TSLA \$TSLAQ 6/22**

"1 year later, still being fobbed off."

"The worst thing is, I adore #Tesla, in love with the brand, the cars, everything about the mission... I've even referred 21 people in the past year."

I feel bad for the other customers in this thread. Except this guy.

\$TSLA \$TSLAQ 7/22

Dr. Earl Banning, Kristen Yamamoto, Kim Paquette, Bonnie Norman, Omar Qazi, Vivien Hantusch, Chao Zhou, Alex Voigt, Sean Mitchell, Sofiaan Fraval, Ben Sullins, Gali Russell & Ross Gerber.

None of these #Tesla cultists will help these customers. #SpaceKaren \$TSLA \$TSLAQ 8/22

Still waiting for "reporters" Simon Alvarez, Fred Lambert, Johnna Crider, Vincent Yu, Maria Merano, Evelyn Arevalo, Eva Fox, Matt Pressman, Tom Randall and Tim Higgins to write a story on #TeslaServiceIssues.

Nah. Let's write about a tunnel rendering instead. \$TSLA \$TSLAQ 9/22

"I am having a problem with #Tesla not paying off my trade in of my Tesla Model 3. Today is the cutoff date for the payoff otherwise the interest will accrue further."

@tamterror @shaohuayahoo @akshu_says @genyosai

\$TSLA \$TSLAQ 10/22

Hey Sawyer Merritt, Jessica Meckmann, Tilman Winkler, Sean Mitchell, Eli Burton, Warren Redlich, Mayur Thaker, David Tayar & Gary Black, when you stock pumpers get a chance, maybe you can help real #Tesla customers?

@jamielbridgers @Cars_are_fun @brandstefan

\$TSLA \$TSLAQ 11/22

Here's something interesting, maybe Fred Lambert will get right on it: #TESLA IS STILL SCREWING PAYING CUSTOMERS OVER FAILING MCUs

\$TSLA \$TSLAQ 12/22

■ "As I approach my 4th year in my #Tesla, I contemplate what is more useless... the ever-malfunctioning \$80K whoopee cushion on wheels they named the Model X or the miserable customer service. Other than that I love it." @djedmcdonald @sshenoy76 @walkingdisabled @mlap1 13/22

Oh boy, we are a long ways away from being done. Just imagine how many other #Tesla customers there are screaming into the void. @darrensc0tt @jeffbodeau @bholdmph @mmichaels \$TSLA \$TSLAQ 14/22

Hey @ValueAnalyst1, you've got a big bullhorn, do these #TeslaServiceIssues concern you even a little? Or are you back to stonk price bro?

@will_walsh @michael60702066 @jonskatz @BrunoFracassa \$TSLA \$TSLAQ #Tesla 15/22

More and more and more customers are getting completely fed up. Thankfully, customers also have the Niro, Ioniq, Taycan, I-PACE, Leaf, ID.3/4, Mach-E, and many Chinese EVs to choose from.

@dadsoutrunning @JackSonmez77 @IrvRodriguez_ @ChrisHubert80 \$TSLA \$TSLAQ 16/22

Go ahead, #Tesla cultists. Accuse these customers of "spreading FUD". I dare you.

@plugincarguy @dallals @bkane720 @codingmark

#Hypocrites #TeslaServiceIssues \$TSLA \$TSLAQ 17/22

Look at the timestamps on each of these #Tesla customers' tweets. These are all new, all recent since my last thread. This is not "FUD". This is an ongoing, worsening, and irredeemable crisis.

@jeuno @raffaeru @sasikanaparthi @mbentz99 \$TSLA \$TSLAQ 18/22

Remember how Omar Qazi tried to take down this account? Or how #SpaceKaren's trolls engaged in a concerted effort to suspend this account? The truth is right here, and they don't want it to get out. @lisastockwell @mcrown33 @TechPreacher

@WeberMarty \$TSLA \$TSLAQ 19/22

"Tesla Service is ridiculous. Only care about Q4 delivery and stock price." Well said, @niravp44

@neveratrueword @go_go_electric @drmarkevin \$TSLA \$TSLAQ 20/22

Tent made garbage. Trash quality service. That's the #Tesla way. #TeslaServiceIssues

@MrNYC @davidcwg @bmwm32008 @aamorosojr6 \$TSLA \$TSLAQ 21/22

Not even #Tesla tequila customers have been spared from the harm. Hey @PwC, what's the tally for how much Elon's going to make from ignoring these customers?

I will never stop. Because Elon never stops screwing people over.

#SpaceKaren \$TSLA \$TSLAQ 22/22
