1/ An Allegory of Finance

I have been posting a lot of educational (and humorous!) threads on finance, money, and economics.

My mission is simple: to demystify these concepts and make them accessible to everyone.

All of the threads can be found below. Enjoy and please share!

Circle of Competence 101

Warren Buffett and Charlie Munger often reference the importance of knowing the boundaries of your circle of competence.

But what is a Circle of Competence and how does it work?

I turned 30 recently.

While far from old and wise, I have learned a few things along the way - on life, business, writing, investing, and growth.

Here are a few important lessons learned...

1) My investment philosophy + Disclaimer -

I'm a full-time investor and my concentrated portfolio is comprised of (primarily founder-led) high growth companies with large addressable markets. I usually look for dominant businesses with a special sauce (moat) which allows..

First Principles 101

Many of the world's greatest thinkers and doers - from [@naval](#) and [@elonmusk](#) to [@nntaleb](#) and [@chamath](#) - tout the importance of first principles thinking.

But what is "first principles thinking" and how does it work?

Here's First Principles 101!

I believe reading is a skill, like driving or tennis.

And with all skills, there are ways to become better.

I'm on a quest to develop the skill of reading and share the best practices I learn along the way.

FOLLOW this thread to join my journey & become a better reader!
