#AdaniPower Above 99.5, this one could give the next break out. Near resistance at 107 levels, above that looking for targets of 127 / 159 levels. https://t.co/pmZukMEXtm

> #AdaniPower the stock looks out of down trend and has resumed its first uptrend since listing. The stock was in a corrective phase since listing 2009. This may just be the beginning pic.twitter.com/smn0nFb9Lw
