Everything about #JWT in two pages.
#JWT made easy.

#infosec #security #appsec #webdesign #WebDeveloper #WebsiteDevelopment #webdevelopers #bugbounty #bugbountytips #100DaysOfCode #webapp #JS #zines #webcomic #webcomics #authentication #authorization #SSO #claims

JWT
JSON WEB TOKENS

★ Can be used for token based authentication & also for authorization

★ Self Contained : Contains the data

→ Anyone Can view the Content.

→ verification can be only done by entity who has access to Secret key.
