KHALISTAN, West, Soros, Urban Naxals of India, Journos wanted a 1984 to bury Modi, Shah n RW

.

.

.

Be thankful that it didn't happen

Politics is not smthn everybody can understand. It's a layered subject.

Shah is not called political Chanakya without reason..

#modi #Shah

Scenario 1..
If the KHALISTANI were not allowed to march wit their tractors

Every media house and these presstitutes along with Western filth like NYtimes n Washington post wud call it - Death of Freedom of Expression

Another award wapasi wud happen
++

If Police had fired upon these Rioters yesterday

An event beyond control would happen with whole of Delhi n parts of North being burnt by these DRUGGIES along with support by Peaceful PPL...

N Modi Shah would be blamed and so called KHALISTANI DRUG addicts would be hailed
++

As Farmer activists.

They would be called messaihs who brought down Dictators.

Media houses would call it FARMER revolution and whitewash their crimes..

Yogendra Yadav n his gang of journalists would rule along with Congress

#KhalistaniTerrorists #ArrestYogendraYadav

By allowing this KHALISTANIS rally to play out - modi and shah have proved to the world

1. KHALISTANI TERRORISTS not farmers
2. They had no intention of Discussion
3. Exposed filths - Yogendra n Rajdeep
4. Foreign media cannot call it a peaxful march anymore

5. Indian Media houses caught with their pants down fingering themselves to orgasmic pleasure looking at KHALISTANIS desecrate our Indian flag and hurt our police
6. Congress n opposition are also in a fix

Yes Modi n Shah image has taken a beating - but they will bounce back

The only ppl not understanding r our halfbrained RW suffering from premature ejaculation who are shitposting the incessant ramblings of their scattered brain on social media.

My advice - control your brainfarts and verbal diarrhea.

Don't be a LAVANYA..
