In 70 years, Hindus did not understand that a family wants to make the country a Muslim nation.

***The country was cut into two pieces*,**
but no sound came from anywhere.

Kashmir sliced and overtaken
Kashmiri pandits massacred.
No voice
No parliamentary attack

Wounds like Reservation,
Emergency,
Tashkent,
Shimla,
Sindhu were given,
but no one cared

Scams
2G spectrum,
coal,
CWG,
Augusta Westland, Bofors like blur
but
no body made any noise

Veto power was given to china,
no train were stopped.

Brave heart like Lal Bahadur Shastri was lost,*
no candle was lit and nobody demanded a CBI inquiry

Leaders like Madhavrao, Rajesh Pilot were killed,
made no difference

But as soon as the beef was stopped,
the catastrophe ensued

As soon as the national anthem was made compulsory,* unhappiness followed

When asked to say Vande Mataram or Bharat Mata ki Jai, their tongues got stitched

Demonetisation and GST
made them dance in anger

Best efforts were made to make Aadhar into niradhar

No one felt pain of Pandits of Kashmir who became refugees in their own country

Rohingyas
are causing pain for Muslims.

*Think …… What Congress has made Hindus??

A total of 50 thousand temples closed or demolished in Kashmir
due to terrorism will be opened or built
Union Minister Kishan Reddy

good news
But 50 thousand
Hearing this figure
my mind became numb
Stones on the a church or on a mosque
the media will cries foul for weeks

But not one or two, 50 thousand temples were closed
Didn't any Hindu know about it?

First forcibly drive away Hindus from the valley
then eradicate every sign of Hinduism,
Think how big a conspiracy it was
To destroy the entire religion from the root of the whole valley?

If Modi government had not come, hardly anyone would have known this!

Why did leftist journalists, Muslim intellectuals and Congress and its spies never put this issue before the country?

This is the achievement of the Congress
and

the cleverness of leftist journalists and Muslim intellectuals that
the common Hindu remained ignorant of this history.

Think hard about it & share this message to all your contacts - an appeal to Nationalists
