My Notes on Democracy Part 1

MANUFACTURING DI55ENT AND MODI'S RESPONSE - AN ANALYSIS

DIS5ENT is allowed in a democracy. Any democratic leader or government will uphold - and MUST uphold its citizens's right to DIS5ENT.

This thread analyses the recent Indian experience.

COMMUNIST TECHNIQUES – THE RECENT INDIAN TRIALS

01 WEAKENING THE TARGET GOVERNMENT

WEAKENING THE TARGET GOVERNMENT BOTH STRUCTURALLY AND ON PERCEPTION FOR ITS PEOPLE TO LOSE FAITH. THIS IS IN PREPARATION FOR A FUTURE REGIME CHANGE

02 MASS MOBILISATION

MOBILISING 'VICTIM' GROUPS, CREATING 'BELTS' OR 'ZONES' THROUGH ORGANIZED DISSENT FIRST IN POCKETS, THEN SPREAD TO SIMILAR CLUSTERS. LATER ARM THESE CLUSTERS FOR 'REVOLUTION'

03 PROTRACTED VIOLENCE

TIRING OUT THE MIDDLE CLASS BY EXPOSING THEM TO CONSTANT RIOTS, VIOLENCE, AND UNREST. PREPARE THEM AND MAKE THEM PARTICIPATE IN A REVOLUTION TO OVERTURN A GOVERNMENT

IT ONLY TAKES ABOUT 3% COMMUNISTS OVERTURN A GOVERNMENT

Some years ago, a western country displayed a movie on India in their visitor centre. Showed [@Narendramodi](#) the then Gujarat CM as a devil incarnate drinking the blood of MU5LIM.

A tough battle with the authorities resulted in taking down this video.

Lesson - this obscure country which Modi never visited till date has little to do with Indian politics. Yet, there is this need to stop Modi in his tracks of becoming the future PM by smearing him.

Most of you may have noticed Modi as a potential PM in the last decade.

But the Break India Forces saw this before 2000. It was no surprise as he was the architect of BJP win in the state. This explains why Godhra, the best managed riot turned into a career-defining event for Modi-Shah.

Who are these people and what is their connection to the topic?

COMMUNIST. As most of us know, Political C'sm is but a surface body of an underground larger body. It has many voices, resources, money, and massive techniques in social sciences, economics, and government machinery.

Almost all 'isms' are products of C'sm.

On a world Order scale, C'sm, Islam, Evangelists are all deliberately and carefully crafted homogenous groups over a long time - millennia so to say.

Reason: volatile groups like these when divided can be ruled over easier than a bunch of Dharmics or pagans who question them.

It takes only 3% of COMMUNIST to overturn a country per world history. Nazis were minority.

We will now analyse the current problem. DISSENT.

It has 3 stages as shown above

1. Weakening the TARGET Government (Manmohan Singh)
2. Mass Mobilisation - protests
3. Violent Riots

The first technique is under trial ever since Rajiv Gandhi was PM. NSR and ABVP upset this. They weaken the target government if it is on their side even though tacitly.

Behind a weak PM, many vile plans were executed without the public ever knowing.

and a number of clandestine agreements with China.

As you all know, C0ngress is C'st party with a different name. They have been on a socialist path since Nehru's times, but have become aggressively so in SoGa times. Everyone knows her connections with the obvious.

Their relationship with CHINA is the key to the chain of actions in India over the past 6 years.

After significantly weakening our government (MMS), a new era was born in India with the arrival of [@narendramodi](#) as [@PMOIndia](#)

This made the COMMUNI5T5 to step up their game and use their second technique.

We are all very familiar with these.

These techniques are not necessarily in series. They can very well run parallel. We can already see this third technique in action.

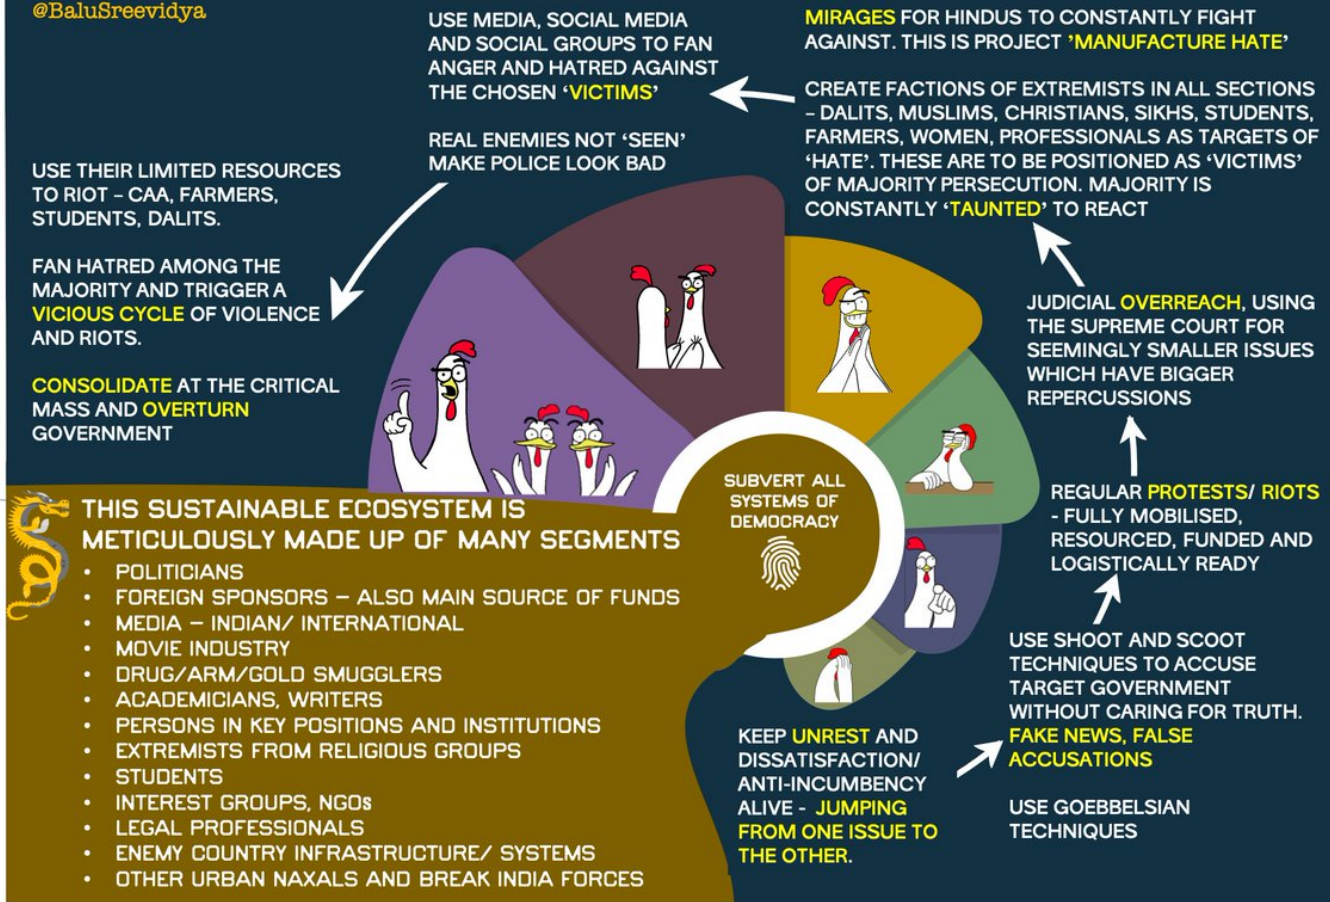

All the anti-CAA protests, Bangalore Riots, Delhi Riots - we see a heightened frequency in the last two years, especially after Modi's win in 2019.

COMMUNIST STRATEGY IN RECENT TIMES – CONSOLIDATION TECHNIQUES

PROTRACTED VIOLENCE

@SREEVIDYA BALASUBRAMANIAM
@BaluSreevidya

PROTRACTED VIOLENCE IS THE THIRD TECHNIQUE OF THE COMMUNISTS. THE IDEA IS TO TIRE OUT RESPONSIVE PUBLIC AND DISARM THE TARGET GOVERNMENT AND OVERTURN IT.

They create enemies for the majority - to hate, to oppose and attack. One day M's is the enemy, the other day someone else. Weaker sections of these VICTIM groups are under their control to fan the divide and keep the entity of 'enemy' a constant.

But the real enemy is hidden.

Riots to be part of every day life until the middle class is tired and exhausted and want a strong alternative.

This is when the revol'n comes to fulfilment.

I am not suggesting this will happen, but it's no thanks to the C0ngress.

Over the past few years, we have witnessed a shift in our approach in exposing the trait0rs of the country, calling them out, naming and shaming, predicting their behaviours and actions. This has rattled the C'sts.

However, many are still very hidden from public view.

Let's see some of these techniques in the Farmers' Pr0test template.

We see all the usual factors in it.

It's very clear that this is a C'st DI5SENT. A war so to say. In this war, we lose if we do not identify the real enemy and train our aim at the 'VICTIM' group they place.

Now, let's look at what [@narendramodi](#) is doing. What is his approach? He does a holistic approach.

I hear many people saying he is NOT taking action. That's not true. When citizens 'DI5SENT', a government has to allow it. It's not a democracy otherwise. Besides, using their

ANALYSIS OF MODI'S APPROACH

©SREEVIDYA BALASUBRAMANIAM @Balusreevidya

resources, they receive permissions from the Supreme Court to do that.

Modi government opposed in court each time and argued such protests should not be allowed. In a democracy, this is the limit for a government.

DISSENT is allowed, but anyone violating law is booked, disabled

The government does a meticulous mapping of culprits, books them, and jails them. This way, the resources are depleted and the C'sts will get weaker in time.

COMMUNISM thrives only in places where DISSENT is curbed. It weakens in open democracies like India.

Open PROTESTS are visible, and we are able to respond. However, the subtle attacks are the concern of our citizens more than worrying about the organised DISSENT.

India is a civilisational state, not a nation state. The attack on its psyche and this taunting of its heritage

and respect is part of their LONG MARCH. The seeds are sown through subverting three generations through education.

Work is underway to rewrite history so that we can reverse this subversion.

Finally, let's ponder over what helps in such situations.

We must continue to be a diverse nation, not too much mind conditioning or social engineering.

But that doesn't mean as citizens we simply play a game without knowing its rules of engagement.

This is 1 on a scale of 10. There is so much we can do, and we are doing it.

The reason for this thread is the disproportionate time we spent on discussing a clear plot by the C'sts - playing into their hands. When the Farmer Pr0tests started, I requested everyone to ignore it.

Our collective interest and sensation is what they feed on. While the unity of Dharmic Wing is our individuality and our ability and freedom to say what we want.

As said, I will most certainly will not want a text book for us to follow. It's always best we are NOT organised.

However, developing a better understanding and shifting our response will help the Government, which in turn will help us.

I will add another thread on C'st pr0pag'a techniques with examples from our recent history.

Vande Mataram.

KEEP CALM, SPREAD THE RIGHT MESSAGE

NOTHING KILLS A COMMUNIST PLAN MORE THAN ITS EXPOSURE. CALL OUT THEIR TECHNIQUES, NAME AND SHAME PEOPLE INVOLVED, SHOW THAT WE KNOW THEIR GAME, PREDICT NEXT STEPS, AND SUPPORT THE GOVERNMENT AND EACH OTHER TO SHOW OUR STRENGTH. NOTHING ENCOURAGES COMMUNISM THAN A DIVIDED HOUSE. EXPOSE THE PLOT, THE BIGGER PLAN UNITEDLY. DO NOT HATE 'VICTIM' GROUPS, OPPOSE THEIR TECHNIQUES, EXPOSE THEM, EXPOSE REAL ENEMIES BEHIND THEM.
