Iranikulam Mahadeva Kshetram is one among 108 Shiva temples in Kerala of which Prathishta was done by Parasurama.

Two temples are situated in the temple compound called Thekedathappan and Vadakedathappan.

Thekedathappan temple, Sadasivalingam is believed to be the original Linga prathishta done by Parasurama. The Two layered Round Shri Kovil is very famous. There are two Nandi Bhagwan here in Thekedathappan temple. One inside and other outside.

Abhishekam or pooja is done only to Nandi Vignanam inside. Vadakedathappan temple is considered to be built later by the local rulers.

The Vadakkedathu temple is made of Panchaloha Vignraham of Mahadeva, Parvathi Devi and Subramanian on a single Peedam.
