Smoking Chinese Anomalies!

[@interne41914499](#) compares the influenza diagnosis & treatment plan by China NHC on 13 Nov 2019 with the 2018 plan.

Medical staff training manuals for influenza were also issued & included similar changes between 2019 &

Taking this research as a starting point, I will look at the people responsible for drafting the influenza plan in 2019

1. The National Health Commission (NHC)

2. Cabinet-level executive department of State Council which is responsible for formulating health policies in Mainland China.

Formed on 19 March 2018.

Its predecessor was the National Health and Family Planning Commission.

Here is the leadership list:

In memo discussed here:

<https://t.co/TPWey3oKFd>

Ma demanded officials unite around Xi because social stability was priority in the lead up to the upcoming March CCP State Meetings:

Emphasize politics!

Emphasize discipline!

Emphasize science!

Avoid causing panic among the masses!

Ma Xiaowei gave a childish propaganda briefing

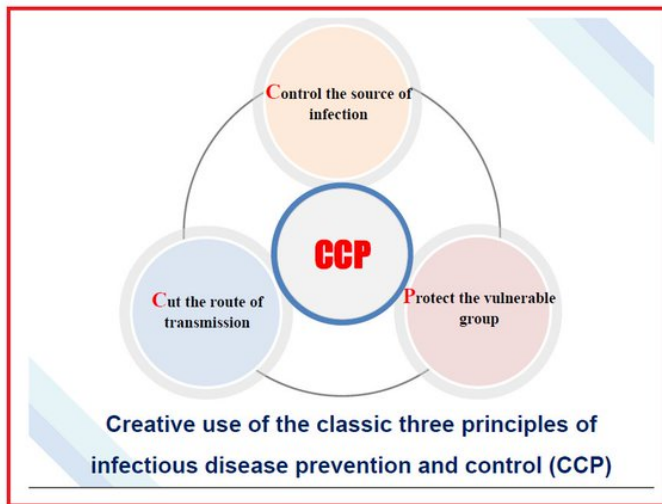

to the WHO on the Chinese response to the coronavirus pandemic, available in all its nauseating idiocy here

4 slides extracted below sum it up

Note creative use of "CCP"

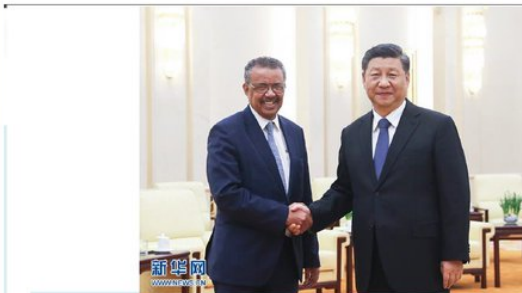

I. An Unified and Effective Commanding System

- President Xi Jinping personally presided over China's epidemic response of COVID-19
- Strong determination, solidarity, science-based and precise prevention and control measures

• WHO-China Joint Mission :

"China has rolled out perhaps the most ambitious, agile and aggressive disease containment effort in history. Within 7 weeks, the approach taken in China has averted or at least delayed hundreds of thousands of COVID-19 cases in the country and also played a significant role in creating a stronger first line of defense against international spread."

Most interesting presentation (in my opinion) is that of

Dr. Wang Guiqiang, Peking University, who explained the treatment approach at that time in some detail (including adjunct TCM Therapy)
