Udayanapuram Subrahmanya Kshetram

#Kottayam, #Kerala

#KeralaTemples ■

Udayanapuram Subrahmanya Kshetram is located near Vaikom Mahadeva Temple. It is believed that a visit to Vaikom Mahadeva Temple is incomplete without visiting Udayanapuram Kshetram which is considered ■

equal to Palani Murugan Temple.

Sthala Puranam says that, this Temple was originally built for Kumaranalloor Devi, and Kumaranalloor temple was built for Murugan Prathishta.

It is said that Devi's chaintanyam went to the Kumaranalloor temple, saying these words :- ■

Kumaranu - alla - ooru meaning place not for Kumara(muruga). Thus Prathishta of Muruga was done here in Udayanapuram Temple. Thrikarthika is very famous here.

Hara Haro Hara

Om Muruga
