Let's talk about High Agency: an attitude I've seen in every successful product manager & leader I've known.

Some ppl are born/raised with High Agency. It can also be developed later in life.

High agency is a prerequisite for making a profound impact in one's life & work

If you want to improve your writing, start by becoming a better note-taker.

Here are 10 ways to do that:

1. Save only the best notes: Don't hoard information. Save your top 5-10% of ideas only. That way, you can trust that everything in your note-taking system is high-quality.

(Thread)

I spent the last 6 years researching, writing, and thinking about habits. The culmination of this work was my recent book, Atomic Habits. (Now a NY Times best seller!)

In this thread, I'll share tweets from myself and others that illustrate some key lessons I learned.
