THREAD ON SHAKTI PEETHAS

Previously we read that Daksh insulted the divine Garland given to him by Durvasa and as a result he behaved negatively towards Shiva and Sati.

It was due to this negativity that Sati jumped into the fire.

This angered Shiva. His anger had a terrible impact all around. Virbhadra, Bhadrakali embarked on a destruction spree. Brahma and Vishnu had to intervene and had to stop the destruction.

But then Shiva carried the burnt body of Sati on his shoulders and

started roaming over the entire universe.

It was to stop the further destruction that Vishnu aimed his arrow towards Sati's body in such a way that it fell down into pieces. Wherever the pieces fell, it became a Shakti Peeth. Below are written the place the piece fell and
