There is a good news for those looking for solution to plastic disposal

Pls do not throw following into dustbin: Milk bags, oil bags, food bags, plastic containers, carry bags, all types of wrappers, PET bottles, plastic buckets, chairs, bubble wraps, cassette covers, etc.

Pls store in a separate junk bag/box and contact this lady ■:

Dr Medha Tadapatrikar
020 25448900/
9373053235
email: keshavsitatrust@gmail.com
Pune

Or alternatively,
Vidya Paranjpe
098208 07362
Urjaa foundation
Dombivali

Minal
Thane
9967540339

They will collect it free of charge every fortnight/monthly.

They convert waste to POLYFUEL (equivalent of kerosene) and give it to villagers as fuel to prevent tree cutting.

Pls also inform your contacts in other housing societies.

Less plastic in city dumpsters would help improve city air quality and prevent ground pollution in the long run.

Thanks.. N pls pass on the message
