Positive thoughts are the most needed commodities of the day.
Maha periyava had said when you need something you come and tell me. I tell that to Kamakshi she will take care.

When we pray we must always say loka samastha sukhino bhavanthu, the personifies our devotion to paramathma and submit into his eternal bliss. We must help all and should not expect anything, that's manusha dharma.

I here today submit to sakshat parameshwaran to help and heal all who are suffering and obediently thank him for being blessed to be able to think of him every day .

With blessing of maha periyava lets all chant
