#PMCaresFund_■■_■■■■■_■■ is being trend by some ideal minds who just wants 2 do vulture politics.
Again only aim is to discredit @narendramodi ji some how throw some muck on him n hope something stuck, n what better then financial fraud in times of unprecedented Pendemic. 1/n

#PMCareFund was created by @narendramodi ji when the #covid19 Pendemic had set in last year. Despite huge fake propoganda by left liberals n especially RaGa n gang, d fund saw amazing contribution from public in general, rattled by d unprecedented public support opposition 2/n

Even went on to file RTI first n then crying the #PMCareFund is not transparent event went to SC. Only to get a egg in their face. There has also been howlers from opposition leaders questioning where is the funds used again with d aim to fool public in beleiving 3/n

That @narendramodi ji is upto something inappropriate with #PMCareFund only to see that even Govt has appointed an independent auditor to audit d accounts of the fund, further Govt clarified there is no direct funding of #PMCareFund from state exchaquer. 4/n

This left the opposition leader like RaGa, Didi rattled but they continue to do what they do best repeat d same lies many times with the hope that some will beleive there lies. Meanwhile SG even wrote 2 NaMo asking him to transfer d funds to PM relief funds set up during Cong 5/n

Time, more specifically Nehru era. PM relief fund is highly compromised by Cong they even transferred funds from there to NGOs run by Gandhi's. So they don't want a transparent fund only used for public welfare.
Liberal brigade is still peddling lies abt #PMCareFund 6/n

Here are some snapshots Pic Credits Google of where n how funds from #PMCaresFunds has been spent so far. 7/n

The hall mark of #PMCareFund has been its transparency and complete use only for welfare of nation.
Be it to fund d initial phase of vaccination or now to set up 551 oxygen plants. @narendramodi ji is a visionary n know what he is doing and he is doing what is best for Ind 8/n

Reason that triggered me to write this thread is bcos today after @patcummins30 donated to #PMCaresFund a whole troll army got activated n was advising him so I Thot to expose d lies of liberal lobby. 9/n
