Is the second corona wave a planned biological war against India?
Do you believe that the second wave of epidemic that is currently spreading in India is due to the spread of virus in general?
Until a fortnight ago I used 2 believe that this is the 2nd wave, ■..

but now a lot of _deep doubts_ has gone home in my mind.
Look at the state of the entire Indian subcontinent, Pakistan, Bangladesh, Nepal, Bhutan have no second wave in these countries or in any other country in Asia.

Those countries today have similar conditions as they were in India two-and-a-half months ago.
Then how did this bomb explode in India itself?
Are the citizens of all those countries much more disciplined than Indians? Do they wear masks round the clock to avoid epidemics ?

No!
Is their geographical location different from India?
No!
Then, why this second wave could not even touch these countries and is breaking India, badly, why?
ICMR has said at the time of first wave that crores of people in India got this disease. ■...

& they did not even know when crores of people suffered it and immunity developed in them then how come this second wave
How dangerous did it become then?
And why did it happen only in India?
Lets look at the global conditions before & now in this epidemic.

From medicine, vaccine 2economy management, India amazed the whole world.
now, understand real concern of China. talking of help 2 India 2 day .
Last year was also infiltrating in the epidemic period.
After getting the kicks they started 2help us,does it not raise doubts??

Pakistan as Chirashatru is lamely talking of help too!!!..
One very important reason is that Modi is not bowing down like Trump
The world's Pharma Lobby, Oil Lobby and Arms Lobby created this epidemic and under the guise of BlackLivesMatter

and
George Floyd beat Trump to retreat, by causing a terrible uproar in the media on the epidemic issues.
All because Trump confronted these lobbies. Today the same lobby people are painstakingly on all fours with day in day out attacks on Modi.
Do you know why?

Because ...the business of : pharma companies at least 4 to 6 trillion dollars (annually).
Vaccine business of at least 1.25 trillion
Is all set to be reduced to zero.
The PPE Kit of 500 billion dollars and business of mask was almost reduced to near nothing, ■...

when people relaxed after first wave, and even went to Kumbh, election rallies etc, with minimal caution.
In light of medical sufficiency of India, the lobbies was suffering colossal loss.
How did the country that was always hands to mouth become a vaccine exporting country*?

And who was not digesting all this?
Know this pain of a country like Germany, lamenting how India beat us in the field of Drugs
Think all over again what slipped & got out of hands of other affluent nations?.

Go ahead ...Can anyone imagine 75000 to 100000 charging stations are to be built for electric vehicles in India in the next 2 - 3 years which will reduce oil consumption by/upto 30%?
This is a slap in the face of the global oil lobby.
https://t.co/VsPYfq49cy

And not only this...
... India is planning to start export LCA fighter planes and BrahMos missile which is proving to be a big blow to the global arms lobby.
Modi is a big thorn in the way of all these lobbies …
https://t.co/wmEszmHz4q

and believing that this thorn can be removed only by public anger is the tacit ploy of these lobbies.
Imagine Pfizer calling up for defense set up in exchange of vaccine, drugs, a new arm twisting tactics with needy nations.

Another aspect...
Most people are now shown to be angry at Modi's rallies and campaigning in Assam and West Bengal elections. But
They have no understanding of Geo Politics.
15 crore Bangladeshis & Rohingya intruders are in Assam n West Bengal. https://t.co/NpMb2yLe7s

Didi and Gandhi made Aadhaar Card for everyone, as being more important to India than Kashmir issue.
(Search "Chicken Neck" on Google).
Believe it or not, second wave of Chinese disease in India has been brought 2fail Modi on every front & & 2 trigger civil war in the country

https://t.co/UXm335uC4d

It is a dangerous game of the Maoists of China and its sleeper cells*hiding in India
Showing 24x7 corpses and lack of oxygen of pandemic against Modi government is a opposition-led part of this conspiracy in collusion with big lobbies of developed world https://t.co/ruk9VSnjYl

to overthrow the present dispensation, & reinstall the leftists- Maoists, as happened in America.
But here they forget, Modi isn't Trump, at best turmoil for trouble will linger, dampening our stability & survival as an outcome... ■■

Come on,come to think, 'Why is the same mother dying as a mother of hundreds'?
Why only the crowd in the crematoriums?
Same 70 tweets - Why- our Amma died without oxygen??

Tool Kit Gang Again Active On whose hint?
Suddenly the farmer also returned to the border?
As soon as the recovery scandal surfaced in Maharashtra, & Modi started winning Bengal
... how did the epidemic appear again ???

*Brothers, this is a conspiracy Believe it or not !!
This could be a huge war!
I am not an expert but look at situations and think why all of a sudden it happened only with India ?
It can be a formidable biological weapon!!!

After a short interval, this fight is going to go a long way,
If the next generation is not to be made a slave then in any case… understand yourself very well about what to do. Don't listen to the sold media and opposition.
As received on WA. ■
