**Amazing resources to start learning MLOps, one of the most exciting areas in machine learning engineering:**

## ■ Introducing MLOps

An excellent primer to MLOps and how to scale machine learning in the enterprise.

<https://t.co/GCnbZZaQEI>

## ■ Machine Learning Engineering for Production (MLOps) Specialization

A new specialization by <https://t.co/mEjgoGrnTW> on machine learning engineering for production (MLOPs).

<https://t.co/MAaiRIRRE7>

## ■ MLOps Tooling Landscape

A great blog post by Chip Huyen summarizing all the latest technologies/tools used in MLOps.

<https://t.co/hsDH8DVloH>

## ■ MLOps Course by Goku Mohandas

A series of lessons teaching how to apply machine learning to build production-grade products.

<https://t.co/RrV3GNNsLW>

## ■ Awesome MLOps

A collection of links and resources for MLOps.

<https://t.co/PL3gsmSqMf>

### ■ Machine Learning Ops

A collection of resources on how to facilitate Machine Learning Ops with GitHub.

<https://t.co/Qvm1IlaJqm>

### ■■■■ MLOps Community

A place to have discussions about MLOps.

<https://t.co/BiJaGLSNWH>

These are just some of the high-quality resources I have come across.

MLOps is still in a maturing phase so it's a great time to learn about this stuff.

It might also be useful in the future if you are planning to become a machine learning engineer.
