Supply of Covid-19 vaccines will increase in the coming days: PM Modi

Vaccine supply will be increasing in the coming days. Seven companies in the country are producing different vaccines, 3 vaccine trials at advanced stage: PM Modi

Expanding on the vaccination point, PM Modi said on Monday that supply of vaccine doses will increase in the coming days. "Seven companies in the country are producing different vaccines, 3 vaccine trials at advanced stage," he added.

Vaccination coverage expanded from 60% to 90% in the past 5 yrs, says PM Modi

If one looks at India's history of last 50 to 60 years, it would take decades to procure decades from abroad. Vaccine work used to be completed abroad, even then vaccination work could not start in our country.

Modi said adding that the vaccination coverage in the country expanded from from 60% to 90% in the past five years.

Prime Minister Narendra Modi during his address to the nation said that Covid-19 is the biggest epidemic to struck in the last century. "The modern world has not seen such an epidemic. Our country has fought Covid-19 at many levels," Modi added.
