The easiest way to generate 15-25 calls every week with qualified leads for your B2B products/services ■

A step-by-step playbook ■■

# Omni-Channel Lead Generation

## Step By Step Guide

This omni-channel sequence has generated 1000's of leads and millions of dollars worth of deals for B2B companies.

For one company it has generated:

- 50+ Qualified Conversations
- 14 Booked Discovery Calls
- \$11,500 Cash Collected
- \$4,000 MRR

IN THE LAST THREE WEEKS ■

Quick PSA:

These threads take a lot of time and the strategy I am about to share can potentially unlock tens of thousands of dollars for your business.

All I ask is that you retweet the first tweet ■■ above to share the knowledge.

Thank you ■■

Now lets get started ■

So why omni-channel outreach?

- LinkedIn is limiting the amount of connections/messages you can send on the platform.
- Cold email is getting less and less effective (& saturated).
- Combining the two into a powerful sequence is the key.

Here is my 10 step sequence ■■

Step One: Sourcing Leads ■

A credible lead list is crucial - it gives your entire campaign a stronger foundation to book more calls.

My top three sources:

- 1■■ [@NickAbraham12](#) 's Custom Lists
- 2■■ LinkedIn Post Engagers (via Leadbird)

### 3■■ Sales Navigator

#### Quality is Key ■

#### Step Two: View LinkedIn Profile ■

Your prospect will get a notification saying "\_\_\_\_\_ just viewed your LinkedIn profile."

Easy first touch to build awareness and improve response rates later on in the sequence.

■ Pro Tip: Your LinkedIn & Email profile pictures should match.

#### Step Three: Email Verification ■

You only want to send emails to verified leads so you don't ruin your domain.

Best Platforms:

■■ Neverbounce

■■ Debounce

■■ Leadbird

Once you verify good emails you are ready for your first outreach message.

#### Step Four: First Email ✉■■

The copy is relatively simple.

1■■ Personalized First Line: Use AI to do this fast

2■■ Short Body: Deliver your value prop

3■■ Social Proof/Case Studies: Show your credibility

4■■ CTA: Ask questions to gauge interest

■ Pro Tip: Shorter is better.

#### Step Five: LinkedIn Request ■

Send them a connection request on LinkedIn with this message ■■

"Hey (FIRST NAME),

(Personalized First Line)

Would love to connect."

You will see between a 30-50% acceptance rate. ■

#### Step Six: Follow Up Email ■

Bring the two platforms together with a quick email ■■

"Hey (First Name),

I sent you a message on LinkedIn but I know how crazy the inbox can be, just wanted to reach out because (VALUE PROP).

Interested in chatting?"

Stay top of mind ■

#### Step Seven: Re-Engage LinkedIn Message ■

The LinkedIn inbox is hectic.

Especially for professionals being targeted in cold outreach campaigns.

■ Don't over complicate the message.

"Hey (FIRST NAME) - just bumping this up!"

■ Your goal = stay at the top of their inbox.

#### Step Eight: Last Chance Email ■

If you haven't gotten a response yet it means your offer isn't powerful enough.

This email is your chance to change that ■

What can you offer for FREE to prove your value?

■■ Free Audits

■■ Valuable Intro

■■ Podcast Feature

LEAD WITH VALUE.

#### Step Nine: Personalized GIF ■

You need to ■ STAND OUT ■

By sending a personalized GIF you will catch your prospect's attention.

Leadbird does some cool stuff with the personalized gifs.

Include personalized text and use your prospects profile picture ■■

Step Ten: LinkedIn Audio Message ■

This is the most UNDER-RATED tool.

It will help you:

- Been seen as a human
- Stand out in an ocean of text
- Connect on a personal level

Use this FREQUENTLY ■
