'Floating Rate Funds' - A case for debt investing in the current interest rate situation (2/n)

<https://t.co/8Ph8x2HfTE>

'Floating Rate Funds' - A case for debt investing in the current interest rate situation (A Thread)

You should not miss this if you invest in Debt.

Do re-tweet & help us benefit more investors (1/n)

— Kirtan A Shah (@KirtanShahCFP) November 27, 2020

Fixed Income investment strategies

It's a misconception that FD, RBI Bond, PPF etc have no risk. The reason we don't see the risk in them is because for us, risk ONLY means loss of capital. (3/n)

<https://t.co/VSClhaUY5O>

Fixed Income investment strategies (Thread)

Do 're-tweet' & help us reach & benefit investors

It's a misconception that FD, RBI Bond, PPF etc have no risk. The reason we don't see the risk in them is because for us, risk ONLY means loss of capital. (1/n)

There seems to be a fair bit of confusion amongst investors on what's happening in arbitrage funds. Let me explain the arbitrage space and how it works with MFs. (9/n)

<https://t.co/BbixnidRgH>

There seems to be a fair bit of confusion amongst investors on what\u2019s happening in arbitrage funds. Let me explain the arbitrage space and how it works with MFs. Not sure if it is simple enough but have tried (1/n)

— Kirtan A Shah (@KirtanShahCFP) [June 2, 2020](#)

What was the NBFC package by RBI all about and will it help MFs? (10/n)

<https://t.co/HQF8mXQC4t>

What was the NBFC package all about and will it help MFs?

(1) 30,000 cr will be infused. So any bank who wants to buy NBFC/HFC/MFIs debt paper from the secondary market (mainly from MFs) can buy it and the guarantee will be given by the government (1/n)

— Kirtan A Shah (@KirtanShahCFP) [May 14, 2020](#)

I am afraid that media reporting that FT investors will receive money around the average maturity of the fund may not really work that way. Reports say, if FT Ultra short is 0.62 years Average Maturity, pay back will be roughly 7-8 months, I doubt! (11/n)

<https://t.co/n8rVhBOBLi>

I am afraid that some section of the media reporting that investors will receive money around the average maturity of the fund may not really work that way. Reports say, if FT Ultra short is 0.62 years Average Maturity, pay back will be roughly 7-8 months, I doubt! (1/n)

— Kirtan A Shah (@KirtanShahCFP) [April 26, 2020](#)

RBI announced 50k cr Liquidity to the MF industry through banks. How does it work? (12/n)

<https://t.co/jvbRjMiCU0>

RBI announced 50k cr Liquidity to the MF industry through banks.

How does it work?

(1) MF approaches banks for lets say 100 rupees

(2) Bank says keep some good bonds as mortgage and i will give you the loan at 8%. (1/n)

— Kirtan A Shah (@KirtanShahCFP) [April 27, 2020](#)

What is Long Term Repo Operation (LTRO) (13/n)

<https://t.co/HzZHY261tr>

What is Long Term Repo Operation (LTRO)?

Repo is the rate at which RBI lends money to banks overnight, 5.15%. LTRO is the same rate 5.15% (repo) at which RBI will lend money to banks for 1-3 years. (1/3)

— Kirtan A Shah (@KirtanShahCFP) [February 6, 2020](#)

What are #perpetual #bonds (perps) / additional tier 1 capital bonds (14/n)

<https://t.co/T3pQwcv4vM>

What are #perpetual #bonds (perps) / additional tier 1 capital?

(1) Perps have no maturity when issued. Theoretically they pay you interest till infinity. (1/n)

— Kirtan A Shah (@KirtanShahCFP) March 6, 2020

What and how of the National Pension Scheme (NPS) (15/n)

<https://t.co/2PtmAUVtST>

A thread on National Pension Scheme (NPS)

This is the simplest yet the most comprehensive piece around. Do \u2018re-tweet\u2019 and help us reach more investors \u263a
