Content from the 5 course levels ■

Note : Not sure if you need to register as a free user to access all the content. Also not sure if the content is accessible in all the countries.

■ Article at the end "20 Stock Investing Tips". Below are my fav ones.

1. Keep It Simple
2. Have the Proper Expectations.
3. Be Prepared to Hold for a Long Time.
4. Tune Out the Noise.
5. Behave Like an Owner.

<https://t.co/ThZhF2ok4s>

7. Watch Where You Anchor.
8. Remember that Economics Usually Trumps Management Competence.
9. Be Careful of bad Management Teams.
13. Don't Be Stubborn.
17. Look for Quality.
18. Don't Buy Without Value.
20. Think Independently.

■ Section about lessons from Peter Lynch (similar sections about Buffett, Fisher, Graham & others).

- ✓ ■ Stick to What You Know
- ✓ ■ Do Your Research and Set Reasonable Expectations
- ✓ ■ Know the Fundamentals
- ✓ ■ Ignoring Mr. Market
