I keep getting asked about what books to read to learn about Options. My compilation

Beginners Options Books:

1) The Bible of Options Strategies - Guy Cohen
2) The Financial Times Guide to Options - Lenny Jordan
3) Simple Options Trading Formulas - Billy Williams

Books on Options Greeks:

1) Trading Options Greeks - Dan Passarelli
2) How to Calculate Options Prices & their Greeks - Pierino Ursone

Books on Options Volatility Trading:

1) Option Volatility & Pricing - Sheldon Natenberg
2) Option Trading: Pricing & Volatility Strategies & Techniques - Euan Sinclair
3) The Volatility Smile - Derman & Miller

Books on Options Trading:

1) Trading Options At Expiration - Jeff Augen
2) Options as a Strategic Investment - Lawrence Williams
3) Positional Options Trading - Euan Sinclair
4) Options Spread Strategies - Tony Saliba
5) Options Strategies for Directionless Markets - Tony Saliba

Other important Options Books:

1) Options, Futures & other Derivatives - John Hull
2) Options Trading Strategies - Scott Danes

3) Covered Call for Beginners - Freeman Publications

Websites to learn about Options
