Did you know?

Many versions of Ramayana were written in different languages, having one or more characters as pivotal roles in the last 2500 years.

Depending on the methods of counting, as many as three hundred versions of the Great Hindu Itihasa are known to exist.

The oldest version is generally recognized to be the Sanskrit version attributed to the sage Narada, the 'Mula Ramayana'. There has been done extensive research for eight years on different versions of Ramayana and for 'Asura: Tale of the Vanquished'.
