Yogi Government's Super Decision to Make in India...

Not only will the first medical gadget park in northern India be established in Noida, but thousands of employments will be created as well. 1/n

A medical gadget park will be built on 350 acres of land in Noida's Sector-28. The Medical Device Park that will be built on this property will be built in two stages. Instead of plots, industries will be assigned ready shelters.2/n

So that medical equipment can be produced as soon as possible by establishing a unit.3/n

The largest medical device park in North India will be established in the Yamuna Expressway Development Authority's territory (YIDA). YIDA has set aside 350 acres of land in Gautam Budh Nagar's Sector-28 for this purpose (Noida). 4/n

This medical device park will also have an incubation facility. The centre will be erected on a five-acre plot of land. This centre will be beneficial to start-up businesses. For the incubation centre, YIDA has partnered with IIT Kanpur.5/n

The Medical Device Park, which will be completed in two phases, will see an investment of Rs 5,250 crore. 6/n

In Noida's Sector-28, 350 acres of land have been set aside for a medical equipment park. The Medical Device Park that will be built on this property will be built in two stages. Instead of plots, industries will be assigned ready shelters. 7/n

So that medical equipment can be manufactured as soon as possible after the unit is established. In the first phase, 125 acres of sheds will be built and distributed to businesses. 8/n

The identical concept will be implemented in the second phase, which will cover an area of 225 acres. In Visakhapatnam, a similar medical device park has been established. 9/n

YEEDA officials also paid a visit to Visakhapatnam's Medical Device Park a few months ago. The nuances were examined there, and they will now be implemented here. 10/n

The administration has submitted a detailed project report for the Medical Device Park from the Kalam Institute in Hyderabad in this order. On this foundation, plans are currently being made to construct Uttar Pradesh's first medical gadget park.11/n

All facilities will be provided to companies that come here.12/n

In addition, at the Medical Device Park, Yida will build a Common Facility Center. All of the amenities will be provided for the companies that come here. Companies will be able to acquire all of the services they require under one roof. 13/n

Officials from Yeida suggest that due to the benefits of the medical device park that will be created in Sector-28, world-renowned healthcare corporations will come forward to invest.14/n

What is the definition of an incubation centre?15/n

Incubation centres are organisations that assist in the development of new businesses. Incubation centres are critical to the survival of businesses in their early stages.16/n

These organizations typically offer business and technical help, mentorship, early development financing, networks and partnerships, cooperative spaces, laboratory facilities, mentoring, and consulting services to startups.17/17
