Origin of Dashamavidya: In the past, there was an asura named Durgam, who, after seeking a boon from Brahma ji, 9

began to vandalize the pr■thvi and has taken the Vedas forcefully by Devagan■ , because of the destructions caused by that asur■

all over the place, all the people were unhappy, seeing this sadness of the people All the dev■'s went to the shelter of Adishakti

and pleased her to protect all the people, otherwise all will be destroyed, after which, seeing their people unhappy in this way,

the eyes of Mother Adishakthi spill tears of compassion, for nine consecutive days in sorrow and Nine nights wept, all the peoples , medicines were

satisfied with the divine water flowing through her eyes, and thus all the Brahmins, dev■'s and humans were satisfied, and said,

O Adishakti,

please bring back the Veda, which is abducted by Durgamasura, , After which the mother sent the gods to their respective places by..

assuring them that she would soon bring back the Vedas as well. After this there was an uproar happens in swarg■,

pr■thvi and space, after hearing that asur■ surrounded Devlok from all four sides, after which a fierce battle started between the devi and asur■,

Meanwhile, the Devi's body manifested with a beautiful form of 10 Mahavidhya (Kali, Tara,

Chinnamasta, Bhuvaneshwari, Bhairavi, Bagalamukhi, Dhumavati, Tripurasundari, Mahalakshmi Sri Vidya, Matangi), along with 32 other form of shakti and sixty four Yoginiya's

and Adipar■shakti k!ll the monster from the edge of the trident, and re-handed the Vedas to the Dev■s.
