Shri @RahulGandhi speaking at #UNGA via his Pakistani supporters

If you think that Dismantling Hindutva Conference or increasingly vocal groups based out of US and elsewhere are all splinter groups then, you are wrong: there is a a method to this madness- RSS and Hindutva word is being used by @RahulGandhi & his Pakistani allies @ every stage https://t.co/RArKWMQ8ex

Here is a thread that I wrote recently about how Congress, Pakistan and its zeehadi structures are all conniving with each other to malign democratically elected Govt of PM @narendramodi - this template has @RahulGandhi written all over it https://t.co/FOXghHzMt8

> Ever since @bjp4India became a force to reckon with in 90s, one narrative that we grew up with after it was thrusted down our throats was that BJP is a Hindu Nationalist Party.

> For Indira, BJP was a Baniya party and this Hindu identity was courtesy western media & continues! pic.twitter.com/qPH1mlJSa4

Use of words Fascists, Nazis, Hindutva, RSS and BJP in same sentence is all a design - imagine how Dalits are being singled out as a minority!
