#MalabarHinduGenocideDay
Team TFI did an expansive coverage of the brutality that took place exactly 100 years ago. @tfipost and @tfipost_in editors painstakingly went through books, newspaper archives and a lot of information to filter truth from propaganda.

What we found was absolutely horrifying.

In this thread, I will take you on a virtual tour of Malabar Hindu Genocide. It will shake your soul.

1) Do you know the seeds of Moplah Massacre were sown in the times of Hyder Ali and his tyrant son Tipu Sultan? Here is a truly forgotten chapter from Indian History.

Hindi - https://t.co/eNqsxluJVR

2) When Hindus fled the Malabar region due to Tipu's atrocities, there was an organized plunder of their wealth and properties. Here's the story of the loot:

3) Even those who accept that Moplah Rebellion was actually an Anti-Hindu pogrom call it a one-off event. But the truth is far from it. It was the culmination of many big small massacres. Here we tell you about it:

Hindi: https://t.co/EH8zsVIz3j

4) Those who win get to write history. Congress won in 1947 and it wrote a twisted version of the Moplah anti-Hindu massacre. Communists gave it a class struggle twist. Read about their debauchery here:

5) Do you know about the Khilafat movement's connection to Moplah anti-Hindu massacre? Well here you go:

Hindi: https://t.co/Afgqju6tTT

6) Govt records peg the casualties in the Moplah “riots” at 2000. However, it is far from the truth, the actual numbers were far more than what the government record suggests:

Hindi: https://t.co/Cu46Uq1dXq

7) Hindus were vastly outnumbered. But Moplah massacre had its fair share of Hindu Heroes. One such hero was Narayani Amma who took a sickle and killed every assailant in sight to protect her sister.

8) #MalabarHinduGenocideDay needs to be remembered every year for the sheer brutality of it and to demolish the lies that have been propagated to us
