First training session!

Looks like they were expecting Senoh equipment not Taishan? Pray for my girls

мы провели первую тренировку 👌

прошла она неплохо, хоть мы и опоздали на час 😅

у на получилось задержаться и потренироваться полную 👌

только вот, мы не знали , что снаряды будут китайские , а не японские 😂
мы готовились на японских, выступать будем на китайских 😂👍
Original (Russian)

we did our first training session 👌 it went well even though we were late by an hour 😅 we managed to stay and train full 👌 but we didn't know that the shells would be Chinese and not Japanese 😂 we were preparing in Japanese, we will perform in Chinese 😂👍
Translation

Yup, they were surprised it’s not Senoh equipment
