We are happy to share with you all, Sanatan Tattva Sravan and Bhadrapad issue. Sravan month happens to be the most blessed month on the advent of Bhagawan Sri Krishna Janmashtami. Jagadguru is Sri Krishna. He is the Guru of all Gurus, hence“Krishnam Vande Jagadgurum”.

Bhagawan Sri Krishna is an incarnation of Bhagawn Sri Maha Vishnu. Human beings observe and evaluate every element in the universe from the perspective and limited knowledge of the human mind alone. Hence, we keep on questioning, “Where is the benevolence of Bhagwan?”,

“When he has created tempests, tornados, earthquakes, droughts, floods, famine, and suffering, what kind of Bhagwan he is?”SanatanTattva answers these questions and tries to settle these perceptions forever. Our sincere regrets for the delay with the magazine.

We wish to be on track from dec. Our coming issue is centered around Dasara and Diwali, which will be released by month-end or first week of Dec. We thank everyone who helped us release the magazine and played a vital role in this process, especially the authors and the tech

team. Kindly contribute your articles, share the feedback and share your sanatan wisdom with the rest of the world. Dhanyawaad for blessing us with your support and we promise you we live up to your expectations.

Kindly share the magazine with more people and support us to expand the reach. @ Team Sanatan Tattva. Here comes the link to the magazine.
