1/9 Thread on the Wuhan "seafood market" Environmental Samples Issue

Conspiracy theories and doubt proliferate when there is lack of transparency. For example, regarding environmental samples which tested positive at the Wuhan seafood market

10. Conclusion:
CCDC has refused to release this data, has refused to release specific detail of environmental samples tested positive at market, refused permission for WHO to investigate & has stonewalled all attempts to obtain key information.
Why do you think CCDC does this?
