Temple is constructed in Hoysala style architecture. Manjekaapu seva (turmeric) alankaram for Narasimhar Swamy at this temple is very famous.

Sthala Puranam is says Ugra bhavam of Narasimhar. Before opening Garbha Griham people used to place green husk in front of the door.

The green husk would catch fire because of the Ugra murthy. Thus to calm down ugra murthy, prathista of Lakshmi Varaha Swamy is done here. Before opening Narasimha sannidhi, Lakshmi Varaha sannidhi is opened first & prathista is done such a way that drishti of Narasimhar falls

Straight to Lakshmi vahara murthy.

Narasimha Jayanti is very famous here. Pillars in the temple depicts the brilliant Hoysala architecture.
