Wealth Generation Tips through microcap / midcap / small cap / bse stocks.

1) Everyday look at tradingview ATH stocks and 52w high in indian markets. Look individual charts. If u see any pattern breakouts, look if fundamentals supporting using marketsmithindia.

....

....

2) Look at Stocks that moved above 10%/above 5% in BSE website. Look individual charts and do the same thing recommended in 1.

3) Look at NSE and BSE website for bulk deals and block deals. See if any FII institution / MF institution is buying any stocks. If yes, then ...

....

look at the chart and do the same think recommended in 1.

If u do these consistently every day or atleast once a week (during weekends), u can shortlist real gems and proceed further to plan for real entry.

These are some basic homework. Good Luck.
