Building a startup is HARD ■

Meet ■30 helpful tools■ I use every day to make this a bit easier.

■■

■Carrd (@carrd)

■Made by: @ajlkn

➡■I use it to create all my landing pages.

You can easily add a newsletter signup form and payment.
Excellent design, insanely cheap, easy to handle

@carrd @ajlkn ■Plausible (@PlausibleHQ)

■Made by: @ukutaht and @markosaric

➡■ I use it to get simple analytics on all my landing pages.

Easy to set up, cheap, and WAY easier than Google Analytics

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric ■Testimonial (testimonial .to)

■Made by: @damengchen

➡■ I use it to create a Wall of love for my products

You can import testimonials from a lot of sources, and it comes with video testimonials as well!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen ■Airtable (@airtable)

■Made by: @howietl, @aofstad, @emmettnicholas

➡■ I use it to store all my data + create basics form

It's a GoogleSheets on steroids. I use it for all parts of my business. And automations are pure gems!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas ■Flurly (@flurlyapp)

■Made by: @TheBuilderJR

➡■ I use it to set up payment on my products

Super easy way to set up a Stripe checkout. The fees are super low (1%), and the builder is very accessible.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR ■TweetHunter (@Tweethunterio)

■Made by: @tibo_maker, @tomjacquesson & @OneJKMolina

➡■ I use it to schedule my tweets and grow my Twitter audience

It gives you some inspiration for your daily tweets, recycles your tweets, and increases your engagement.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina ■Tally (@TallyForms)

■Made by: @mariemartens & @filipminev

➡■ I use it to create popups on my website and NPS forms

I love the design and how easy it is to set up. You can even integrate payment in the form.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev ■Copyai (@copy_ai)

■Made by: @PaulYacoubians & @chris__lu

➡■ I use it to create copy for my landing pages or emails sequences

It's mind-blowing to see how AI can be relevant for copywriting. As a non-native speaker, it's super helpful.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu ■BrandBird (@BrandBirdApp)

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis ■BlackMagick (@blackmagic_so)

■Made by: @tdinh_me

➡■ I use it to have a quick overview of my Twitter stats

You should also check all the freebies. The ability to have a dynamic avatar or banner is just unique!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me ■Riverside (@riversidedotfm)

■Made by: @NadavKeyson & @GideonKeyson

➡■ I use it to record my podcast episodes

It records all the audio tracks separately and locally, so your audio quality is on top!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson ■Yep (@yepdotso)

■Made by: @nocodelife

➡■ I use it to create minimalist landing pages

It comes with a skeleton that helps you build the perfect landing page. An excellent choice to validate an idea!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife ■Brainfm (@BrainfmApp)

■Made by: @BrainwaveAdam & @jkalmadi

➡■ I use it to increase my productivity

It generates some sounds that increase your focus. You should definitely try it!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi ■Gumroad (@gumroad)

■Made by: @shl

➡■ I use it to set up my pre-order pages (and soon for my Discord community)

It's the easier way to start a business. Everything you need is included.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl ■Loom (@loom)

■Made by: @vhmth, @yoyo_thomas

➡■ I use it to record my demo video and also to work asynchronously

It's the easier way to create and share a screencast. I use it daily.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas ■SVGbackground (svgbackground .com)

■Made by: @MattVisiwig

➡■ I use it to generate some excellent background (gradients)

Easy to use, excellent results. Check the pro version as well!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig ■Hemingway (@HemingwayApp)

■Made by: @BenLongComedy

➡■ I use it to refine all the content I produce

It tells you when your sentences are too long/complex, and help you make them more readable.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy ■Microacquire (@microacquire)

■Made by: @agazdecki

➡■ I use it to sell my startups!

It's a revolution for bootstrappers. You can now easily list and sell your companies. I'm doing it right now!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki ■ZerotoMarketing (zerotomarketing .com)

■Made by: @AntWilson & @kiwicopple

➡■ I use it to host all my database

I love Supabase. If you need to store your data somewhere, you should check it! And it comes with identity management + social signups out-of-the-box!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki @theandreboso @iloAnalytics @dr ■Zapier (@zapier)

■Made by: @wadefoster, @bryanhelmig & @mikeknoop

➡■ I use it to automate EVERYTHING!

All my products have a few zaps running. I use them to send notifications to slack, import contacts, send emails.

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki @theandreboso @iloAnalytics @dr @zapier @wadefoster ■Bannerbear (@bannerbearHQ)

■Made by: @yongfook

➡■ I use it to generate images or videos via API

If you want to automate image generation, it's just the best way to do it!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki @theandreboso @iloAnalytics @dr @zapier @wadefoster ■Potion (@potion_so)

■Made by: @noahwbragg

➡■ I use it to create a website from a Notion page

Notion is great, but sometimes you need to create some public page from it (with a nice URL). Potion does that very well!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki @theandreboso @iloAnalytics @dr @zapier @wadefoster ■Miro (@MiroHQ)

■Made by: @Khusya

➡■ I use it to brainstorm with remote co-founders

I always looked for a whiteboard alternative while being remote. Miro does that perfectly. You can create a mindmap, draw and paste pretty much anything!

@carrd @ajlkn @PlausibleHQ @ukutaht @MarkoSaric @damengchen @airtable @howietl @aofstad @emmettnicholas @FlurlyApp @TheBuilderJR @TweetHunterIO @tibo_maker @tomjacquesson @OneJKMolina @TallyForms @MarieMartens @filipminev @copy_ai @chris__lu @BrandBirdApp @d__raptis @blackmagic_so @tdinh_me @RiversidedotFM @NadavKeyson @GideonKeyson @yepdotso @nocodelife @BrainfmApp @BrainwaveAdam @jkalmadi @gumroad @shl @loom @vhmth @yoyo_thomas @MattVisiwig @HemingwayApp @BenLongComedy @microacquire @agazdecki @theandreboso @iloAnalytics @dr @zapier @wadefoster ■Katlinks (@katlinks_)

■Made by: @robertodigital_

➡■ I use it to learn and boost SEO

We all know Ahrefs, but it's super expensive for small businesses. Katlinks fix that

I drop regular threads like this one, about startups and marketing.
