Tactics & Direct Action are necessary against Tyrants

"Guerrilla tactics used against the military include assassinations of its officials, bombing military property and sabotaging infrastructure such as telecom towers and

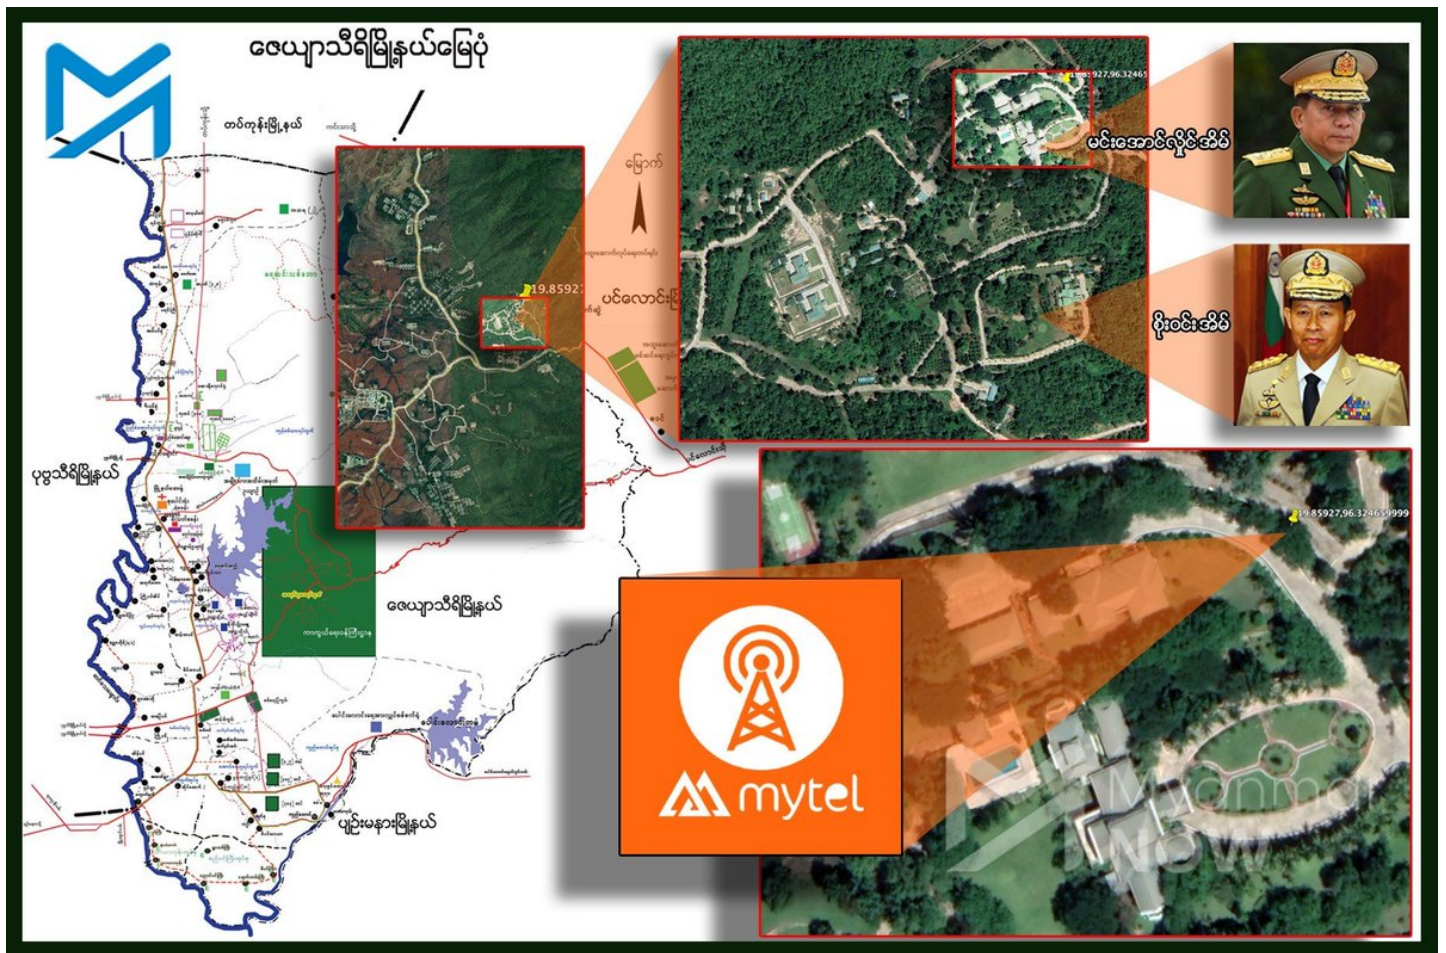

Dr Sasa, spokesperson for the exiled opposition National Unity Government (NUG), said the public had no choice but to defend itself:

"The military are not only destroying our democracy and freedom, but they are destroying every day our dignity as human beings"

It's do or die"

The residence of coup leader Min Aung Hlaing is a testament to his ambition—and his fear of the people he seeks to rule

<https://t.co/ylnq583gl5>

Apart from Mansion 1, which serves as his official residence, Min Aung Hlaing is known to have several other homes. One is the Yarzathingaha residence in Naypyitaw's Ottarathiri Township & another is at No.14 Inya Road in Yangon, also properties in Pyin Oo Lwin.

As Myanmar's most powerful family accumulates vast wealth through military-linked companies like Mytel, the country's poverty rate will double by next year due to the combined impact of Covid-19 pandemic & the coup.

Nearly half of Myanmar will be living in absolute poverty

"Her brains were spilling out. She had been shot in the back of the head & her face was flat on the ground. She had been dragged there, as there was a trail of blood & grey matter leading up to her body. All of her teeth had been blown out, too"

<https://t.co/qjCrrfaX1f>

His youngest son vowed to keep his memory alive by continuing the fight until it achieves its goal of ending Myanmar's oppressive military rule

"We have already decided to end this dictatorship for good. So, we must keep fighting in every way we can"

<https://t.co/JspKsJiWQ4>

In all, he pulled 22 bodies murdered by the regime out of the junta's killing fields.

"I carried their bodies myself, cleaned them & buried them. The more people I buried, the more my hatred for the military grew"

<https://t.co/BamnJyegm2>

Keep up to date with what's happening in Myanmar
